

Letter #1

Honorable Supervisors,

My name is Di Ching Chan. I am a resident of Rowland Heights and I am appearing here today to ask you to select plan A-2 as recommended by the Boundary Redistricting Committee. It is far superior to plan S-1 and all of the other plans that have been suggested because it relocates the fewest number of people. Plan S-1 would move approximately 3.4 million people into new districts and for what reason?

Our current districts work fine as constituted. Plan A-2 provides the minimal amount of disruption while still meeting the goal of having approximately the same number of constituents in each district. Times are tough right now, residents do not need all the uncertainty and problems that would be created by a massive relocation of district boundaries.

Letter #2

Thank you for the opportunity to appear before you today to give testify.

The Boundary Commission and its staff spent many months obtaining input from a large number of residents throughout the County, and many hours analyzing the various plans submitted. It concluded that Plan A-2 was the best choice because it moved the least number of people and caused the least disruption. I wholeheartedly agree that they made the right recommendation. Many of the plans submitted seemed to be the epitome of gerrymandering at its worst.

In these hard economic times people need consistency, not massive change. I urge you to do what is right for the residents of the County, not what is political. Please approve plan A-2.

Letter #3

I have attended several of the hearings of the redistricting committee and watched the process with concern. I was very relieved when I heard the committee was recommending plan A-2 because I think it is the one that makes the most sense. As a number of other speakers have pointed out, A-2 impacts the fewest number of people and I think that is important due to the financial problems many families are currently experiencing because of the recession. Residents living in unincorporated area who are moved to a new district would be especially impacted.

Please listen to your constituents. Do not make drastic changes to the current supervisor districts against the will of the people.

August 3, 2011

Los Angeles County Board of Supervisors
500 West Temple Street, Room 383
Los Angeles, CA 90012

Dear Supervisors:

I strongly support the proposed A-2 redistricting plan, which is more cost effective and presents the least disruption to my community. The S-1 plan would be very disruptive and impact many more citizens. Keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process, would not only benefit the citizens in my area, but would also allow us to keep a Supervisor who is familiar with my community and its needs. This is most important to the unincorporated areas since they have no city government.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities and changed districts could result in disruptions in the service, quality and timeliness we have come to expect from the County.

I hope the Board of Supervisors will seriously consider this input, as any redistricting changes would have a huge impact on my community. Thank you for your consideration.

Sincerely,

David E. Edwards

Districts should not be organized based on racial geographic's. Many Hispanics don't even like Gloria Miolina and what she is doing to the County. She is way out of line ion this one. There's nothing wrong with the Districts as they are and if changed they should be changed based only upon shifts in population, never politically, racially, or otherwise.

Subject: Redistricting: Moving Past Racial Politics and Partisanship

Dear Fourth District Residents,
This week, the Board of Supervisors began its review of the Plan A2 Redistricting Map, which was approved by the Boundary Review Committee. Let me start by saying: Wow! I want to thank all of you who took the time to come downtown to testify. I know it was a long day for many of you.
As we have been discussing and was certainly evident on Tuesday, the Fourth District is the most vulnerable to dramatic changes. Under another alternative discussed, over 1 million residents would be shifted into or out of our district. As many of you said, that will destroy the connections and relationships we have built over decades.
Some of the discussion and news coverage have turned redistricting into a racial divide. But they are getting the story wrong; it's not about race. The Fourth District is

the most diverse in the County, with Whites, Latinos, Asian-Americans, African-Americans and many other minority groups. Under the [plan I submitted](#) on Tuesday, Latinos represent the largest population at 43% of our district. I have always welcomed diversity in our district and loved getting to know the many cultures we have in our communities. My staff and I have worked hard to gain your trust, learn your issues and be as responsive as we can be.

While I really appreciate the very kind words that were said at the hearing, it's also not about me. It's about you and your neighborhoods, communities and cities. You've been loud and clear that you do not want to be moved, and I agree with you. I can't support splitting up longstanding communities of interest just because some lawyers say we might get sued.

In fact, the County's independent legal counsel has determined that Plan A2 clearly meets the County's obligations under the Voting Rights Act. As such, any dramatic changes are unnecessary and undeserved. We've heard a clear message from all of you that have come down and testified and written nearly 1500 letters that you don't want to be needlessly reassigned to different districts. We should respect those wishes and side with the people of Los Angeles County.

Our next review meeting is September 6th. It is my hope that we will move past the racial politics and partisanship and focus on what you elected us to do: solve problems and help those in need.

As always, thank you so much for your support!

DON KNABE

RE: Proposed Redistricting Maps

Dear Supervisor Knabe:

On behalf of the Los Angeles Area Chamber of Commerce, I write to submit our comments on the proposed redistricting maps for Los Angeles County Supervisorial Districts.

The Chamber strongly recommends the utilization of maps with the least movement necessary to comply with the principle of one person, one vote and the Voting Rights Act. We discourage wholesale changes that could shift the representation of millions in a topsy-turvy redrawing of district map. Business needs certainty, especially now. Massive changes to districts will create a great deal of insecurity for businesses already making tough decisions regarding their future.

The districts we currently have represent communities of shared interest and services. At the August 9th public hearing on the proposed maps, you heard from dozens of people representing business, non-profits and community groups, who identified with their surrounding neighborhoods and wished to continue sharing representation.

In each of these districts, dividing up the assets of a unique and diverse business environment between multiple districts would not be in the best interests of the businesses and voters in that region. It is for these reasons we strongly encourage the Board to vote for redistricting maps that result in the least upheaval to the County's business and residential communities.

Sincerely,

A handwritten signature in cursive script that reads "Gary Toebben".

Subject: redistricting in the 5th district

Dear Honorable Board of Supervisors:

I want to express my deep concern regarding of the possibility of dividing the Altadena Community into two supervisorial districts.

I am certain this would create an extreme disconnect in our small community. Additionally it would making doing business with the County very cumbersome.

Supervisor Antonovich is and has been very responsive the needs of Altadena and I would not what that to change.

I urge you not to divide the Altadena community into different supervisorial districts.

Sincerely,

Doug Colliflower

RE: LA County Redistricting Plan S1

Dear Supervisors:

I support the proposed redistricting plan, **S1**, submitted by Marqueece Harris-Dawson, Jackie Dupont-Walker, and Tunua Thrash. I strongly believe this map should be approved at the upcoming Board of Supervisors meeting.

It is my belief that communities with shared interests and services should also have shared representation. The current boundaries do not support this notion.

I do not support the status quo.

The above listed maps support socio-economic diversity by keeping working class communities together. They also provide boundaries that are in line with Section 2 of the Federal Voting Rights Act by keeping ethnic communities from being fragmented. The S1 proposal does not displace any supervisor from his/her district, and the newer districts remain compact.

Please consider keeping neighborhoods, communities, and cities of common interest together. Please use the boundaries as currently drawn in the S1 proposal. Thank you for your time.

Sincerely,

Carmen Palacios

RE: LA County Redistricting Plan S1

Dear Supervisors:

I support the proposed redistricting plan, S1, submitted by Marqueece Harris-Dawson, Jackie Dupont-Walker, and Tunua Thrash. I strongly believe this map should be approved at the upcoming Board of Supervisors meeting.

It is my belief that communities with shared interests and services should also have shared representation. The current boundaries do not support this notion.

I do not support the status quo.

The above listed maps support socio-economic diversity by keeping working class communities together. They also provide boundaries that are in line with Section 2 of the Federal Voting Rights Act by keeping ethnic communities from being fragmented. The S1 proposal does not displace any supervisor from his/her district, and the newer districts remain compact.

Please consider keeping neighborhoods, communities, and cities of common interest together. Please use the boundaries as currently drawn in the S1 proposal. Thank you for your time.

Sincerely,

Capo to CA
