We object to splitting Altadena into a Foothill District going horizontal along the foothills. We are very much a part of the Pasadena metro community and have common interests. Altadena shares the same schools and bus line, We do most of our shopping in Pasadena and the Sheriff and Pasadena police work closely together on community issues. Part of our city has a Pasadena address (New York Drive area near Altadena Dr) because the Post Office is in Pasadena although the legal boundaries keep the area in Altadena. We use the Pasadena main branch post office as our mailing address ([REDACTED] Pasadena, Ca. 91109) because it is convenient and close. To split us off to become part of a district many miles away to the east is not in our best interest.

We have been a political football in the past. We have been redistricted to Bakersfield, hundreds of miles away, to maintain political boundaries. I applaud the efforts to prevent this from happening again. But putting us in San Bernardino County or to the far east cities is just like the Bakersfield fiasco. Please leave us in the Pasadena metropolitan community.

I am writing in support of the proposed S1 redistricting plan put forth by Marqueece Harris-Dawson, Jackie Dupont-Walker and Tunua Thrash. Please approve this map at the Board of Supervisors meeting.

I hope that communities with similar interests will have shared representation. This is not so with the current map which I do not support.

Please keep our communities intact and keep our neighborhoods and cities of common interest together. I hope you will adopt the boundaries that are drawn in the S1 proposal.

**RE: LA County Redistricting Plan S1**

Dear Supervisors:

I support the proposed redistricting plan, **S1**, submitted by Marqueece Harris-Dawson, Jackie Dupont-Walker, and Tunua Thrash. I strongly believe this map should be approved at the upcoming Board of Supervisors meeting.

It is my belief that communities with shared interests and services should also have shared representation. The current boundaries do not support this notion.

I do not support the status quo.

The above listed maps support socio-economic diversity by keeping working class communities together. They also provide boundaries that are in line with Section 2 of the Federal Voting Rights Act by keeping ethnic communities from being fragmented. The S1 proposal does not displace any supervisor from his/her district, and the newer districts remain compact.

Please consider keeping neighborhoods, communities, and cities of common interest together. Please use the boundaries as currently drawn in the S1 proposal. Thank you for your time.

Sincerely,

Sirverold James

**Subject:** Letter-to-the-Editor: Open letter to the Los Angeles Board of Supervisors re: Supervisorial Re-districting

We are citizens & residents of Los Angeles County. We are living in the United States of America. We deserve that our elected representatives represent all of us. The Supervisors of Los Angeles County, and all other elected officials, should not be elected to represent us by race, gender, religion, or any other bias. They are elected to represent ALL of their constituents. This is not naïveté: this is how the system is supposed to work.

In the 1950's & 1960's, the citizens of this country rose up against prejudice & bias. We have come a long way since then, and we obviously still have room for improvement. But our leadership is held to a higher moral standard. You don't "Pack" districts by ethnicity to gain a seat for representation. This is not leadership. It is playing politics. Partisanship & special interests have already ruined our State & Federal governments' abilities to function.

You can make the change. At the County level, where you have much more direct impact on your constituents lives, show us that the system can work the way we expect. Set district boundaries based on keeping communities together and evenly distribute the voting population. Lead by example. Represent all your constituents fairly & honestly. You should get re-elected based on your actions, not your special interest biases. Your constituents deserve nothing less, and demand more.

Respectfully,

Beth Hojnacke

The above listed maps support socio-economic diversity by keeping working class communities together. They also provide boundaries that are in line with Section 2 of the Federal Voting Rights Act by keeping ethnic communities from being fragmented. The S1 proposal does not displace any supervisor from his/her district, and the newer districts remain compact.

Please consider keeping neighborhoods, communities, and cities of common interest together. Please use the boundaries as currently drawn in the S1 proposal. Thank you for your time.

Sincerely,

Ana Maria Equihua-Perez

Dear Supervisors:

I strongly support the proposed A-2 redistricting plan, which is more cost effective and presents the least disruption to my community. The S-1 plan would be very disruptive and impact many more citizens. Keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process, would not only benefit the citizens in my area, but would also allow us to keep a Supervisor who is familiar with my community and its needs. This is most important to the unincorporated areas since they have no city government.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities and changed districts could result in disruptions in the service, quality and timeliness we have come to expect from the County.

I hope the Board of Supervisors will seriously consider this input, as any redistricting changes would have a huge impact on my community. Thank you for your consideration.

Sincerely,

Do not divide Altadena.

And do not divide it from the surround communities.

The proposed redistricting wrecks of political favoritism.
