Subject: Plan A3- Letter of Support

Dear Commission Services:

As a Councilmember for the City of Hawaiian Gardens I have witnessed the growth and achievements of Cities throughout the 4th Supervisorial District and I urge you to support Plan A3 and keep this district intact. I support Plan A3 and do not want to see our neighborhoods, communities, and cities divided into separate districts. Under Plan A3, our boundaries are basically maintained. Split communities could result in changes to the service quality and timeliness we have come to expect from the County. We have fostered a relationship with many of the Cities within our District, including the City of Cerritos and Artesia and continue to work together to create positive change for all residents living within our jurisdictions. Under both alternative plans, S2 and T1, millions of people would be needlessly moved, destroying the connections and relationships we have built over decades. We would basically have to start over, after years of working together and building trust.

I feel that the boundaries that are currently drawn best constitute the shape of this district, and we ask that it remain as such.

I respectfully submit this request to the 2011 Redistricting Commission for your records.

Sincerely,

Victor Farfan
Councilmember
