Dear Boundary Review Committee Members:

As an active leader in the unincorporated community of Hacienda Heights, I strongly request that Hacienda Heights and Rowland Heights remain in the Fourth Supervisorial District, as we have been since I moved here in 1982. Because both communities are unincorporated, without a city council, Supervisor Knabe and Dickie Simmons are our only representatives to continue our progress in many major areas, such as Puente Hills Landfill's pending closure, our Community Plan that was just passed this month, our 60plus year wait for a Community Center (in the process of being drawn by the architect), support for our HHIA Annual Banquet, presence and huge support of Dickie Simmons at every Hacienda Heights Improvement Association's monthly meeting and special meetings, support for our 4th of July Parade, etc. We would be truly impaired to begin all over again with a different supervisor and deputy.

Pleese, I urge the Boundary Review Committee to preserve the existing boundary for the Fourth Supervisorial District. Thank you for considering the plight of two unincorporated communities.

Jean Robson
