**Subject:** Rowland Heights and Redistricting

To Whom This May Concern:

The local news media is awash with news about redistricting, and I read that some of it involves Rowland Heights. I respectfully offer you my thoughts in that regard.

Right now, as I'm sure you know... Rowland Heights is served by two County Supervisors. Well that might seem wonderful having two Supervisors look out for us, in fact, for Rowland Heights that is unnecessary, an overkill and sometimes causes confusion.

I recommend as you go about your redistricting work to simply put Rowland Heights into one district - the same district as its neighbors (Diamond Bar and Hacienda Heights).. the Fourth District. Most of Rowland Heights is there already. This should make things simpler for County officials to carry out their administration, and for the residents who will now have only one Supervisor to complain to.

Many Thanks!!
