Subject: LA county redistricting meetings

Please send me email notifications and information of redistricting meetings.

I am particularly interested in whether the commission wishes to have emails from constituents regarding their preferences. We had a really good community meeting on the subject, and I was pleased with the ideas submitted.

What I now see of most recent suggestions is to make drastic changes, especially in our area. We have been VERY pleased with Supervisor Knabe's attention to our community and do not want to see that changed..

Will there be other community meetings, in particular, near Rowland Heights? Most residents want to stay in Supervisor Knabe's District, and to have all of Rowland Heights be together in District 4, along with Walnut and Diamond Bar.

Thank you,

Lynne Ebenkamp
