Subject: Redistricting LA County 2011

I live in what is presently the Fourth District. My address is [REDACTED], Rowland Heights. At the Boundary committee meeting in our community, the residents present requested that all of Rowland Heights, including the part presently in the First District, be made part of the 4th District and that Walnut be added too. This appears to be the consensus of the Rowland Heights community and also seems to be what Supervisor Knabe had in mind. This was NOT found in any of the Boundary committee options.

Please consider the wishes of the community when you make your decision.

Teri Malkin
