Subject: Redistricting Rowland Heights

Attn: Curt Pedersen

Gentlemen,

I am a resident of Rowland Heights (I have a Walnut address, am located south of the 60 freeway and will become part of Rowland Heights if we incorporate). I am very concerned with some of the plans submitted for redistricting, that will move all of Rowland Heights to District 1 (Gloria Molina). Rowland Heights is currently divided between two Supervisorial districts. A small portion of our community is in Gloria Molina's district #1. The major portion of Rowland Heights has been in District 4 (Supervisor Don Knabe and deputy Dickie Simmons).

Here in Rowland Heights we have had ongoing issues (about 4 years now) relating to planning and zoning. Don Knabe's office has been actively involved in these issues from the start and is keenly aware of our community's concerns. Supervisor Molina is terming out soon, leaving our community concerns up to another neophyte taking her place.

I, along with several of my neighbors, request that you place all of Rowland Heights into District 4. Other cities surrounding our community - Hacienda Heights, Diamond Bar and Walnut - are also hillside communities that share the same concerns as Rowland Heights. We strongly urge you to ensure that these cities along with Rowland Heights are included in District 4.

Please place my name on your contact list for all future correspondence relating to redistricting issues.

Sincerely,

Marilyn Hewlett
