

Proposed Los Angeles County Supervisorial Redistricting Plan

Submitted by: Steven Ochoa, MALDEF

Plan Title: MALDEF Submission 1

Submitted on: June 10, 2011 via email

Plan ID Assigned by County: Q1

Optional Comments provided by proposer:

The main objective(s) of this proposed plan...

This, along with MALDEF Submission 1, are partial plans with intentionally unnumbered districts. Together, there are two iterations of MALDEF Districts A/B and MALDEF Districts C that are easily interchangeable with each other, as to offer options for the Commission to consider plans which create two Latino Section 2 mandated districts along with preserving an effective opportunity district for the African-American community.

Plan provides fair and effective representation by...

Complying with the Voting Rights Act and respecting communities of interest.

Plan enhances opportunity for all voters by...

Complying with the Voting Rights Act and respecting communities of interest.

Plan meets all requirements of law by...

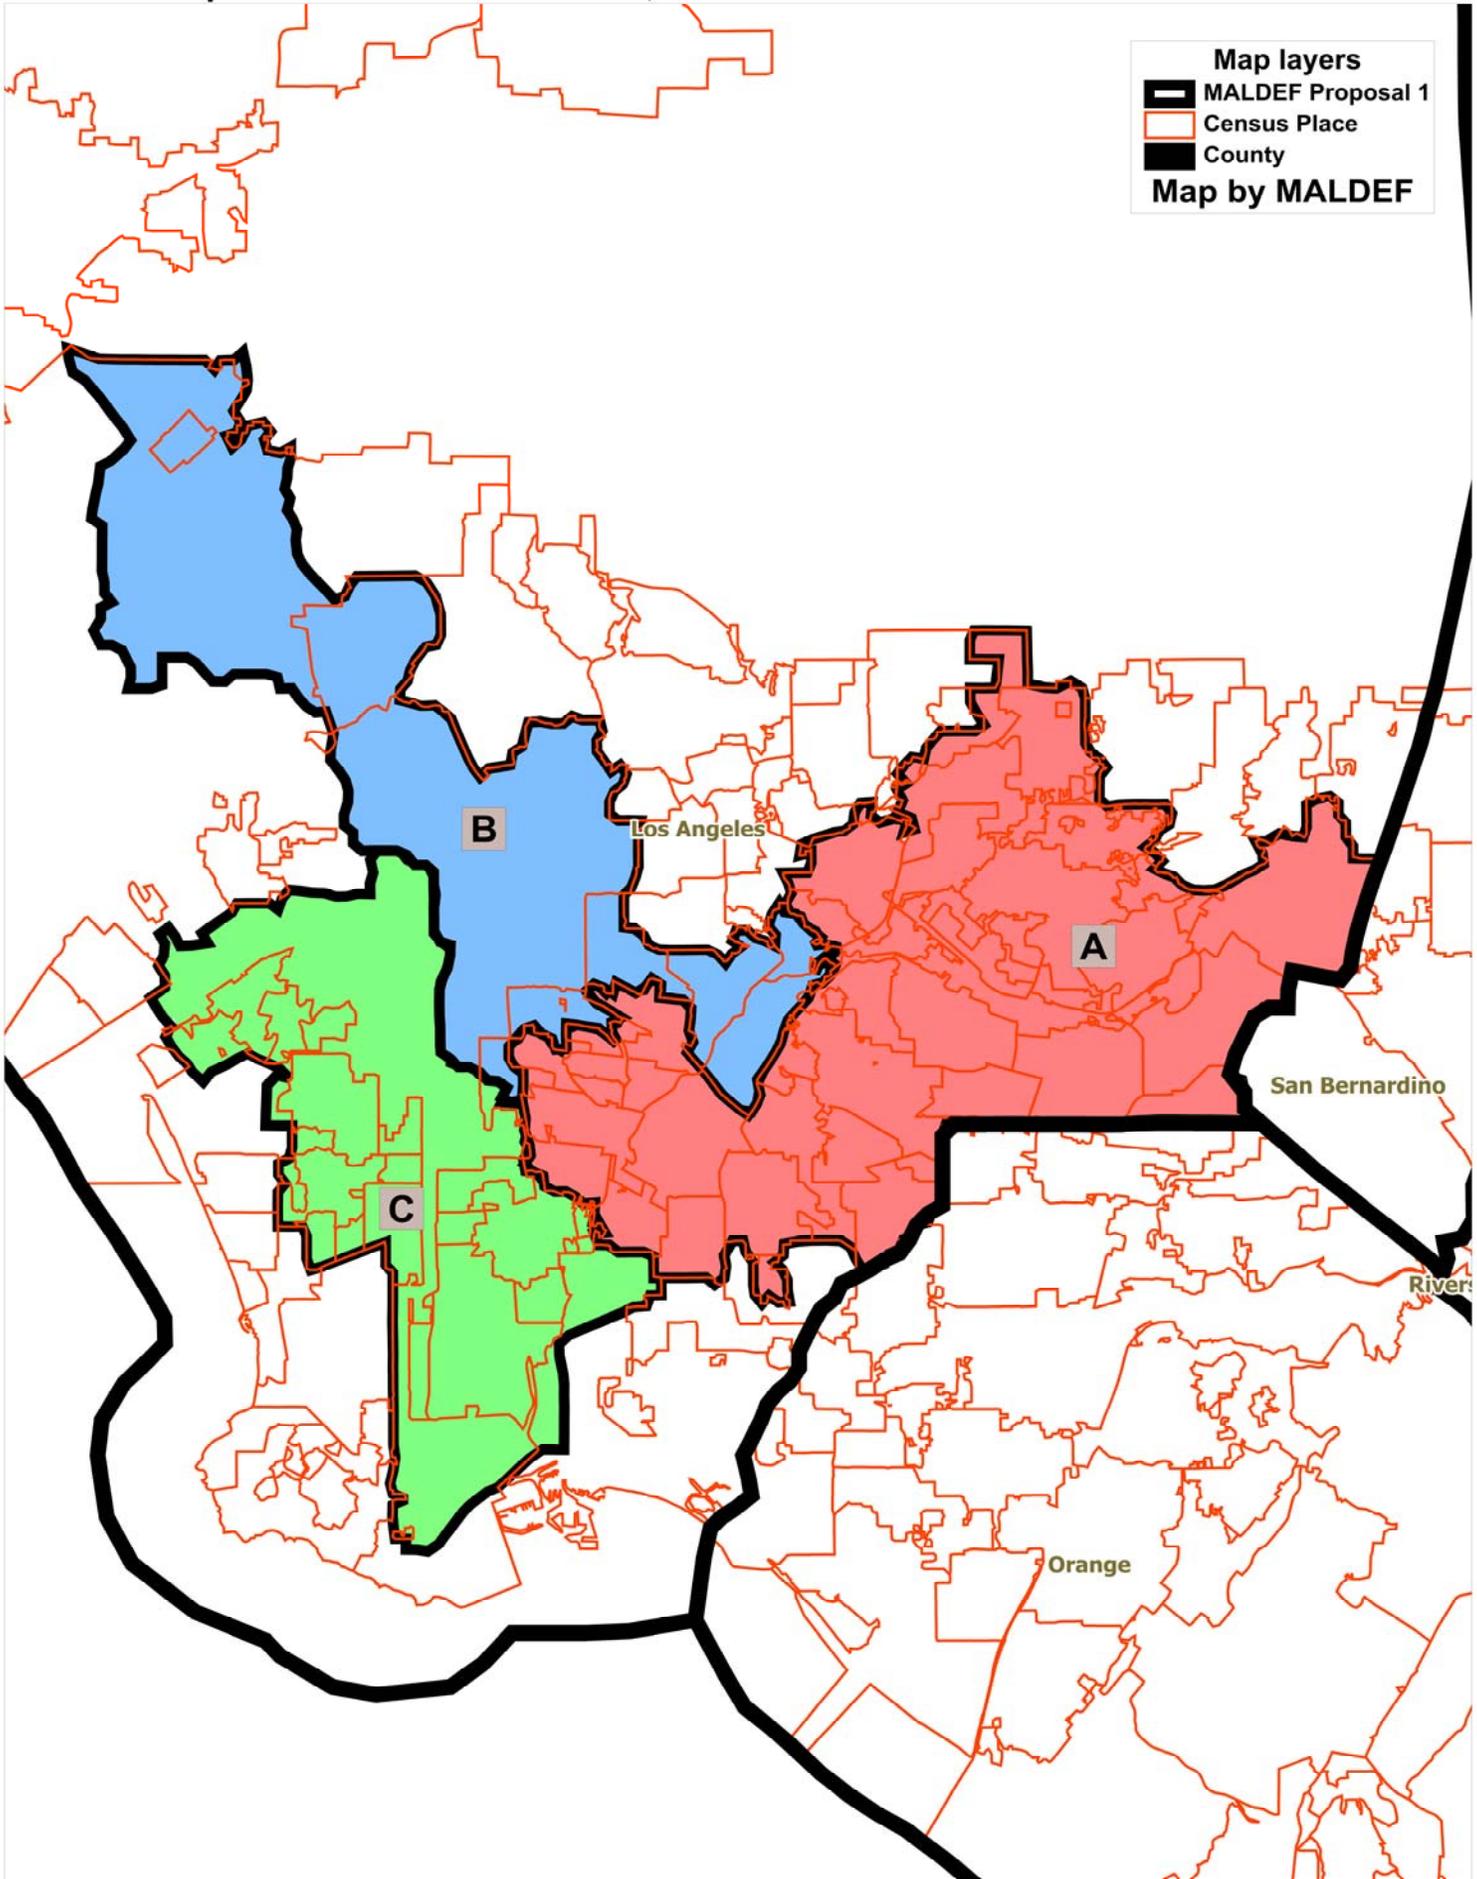

Producing districts that are in compliance with the U.S. Constitutional requirements of one person, one vote and full compliance with the Federal Voting Rights Act.

Optional additional comments are...

N/A.

Note: The standard analysis cannot be performed for proposed plans that do not provide for five supervisorial districts, do not use the County's Redistricting software, **and/or** do not use the County's Redistricting Data Units (RDUs). Any analysis of such plans will only consist of approximations of available data and will not correlate with the County's standard analysis and reports generated for other plans.
