June 22, 2011

Mr. Curt Pedersen
Chair, Boundary Review Committee
c/o Room 383, Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Mr. Pedersen:

Since the inception of Marina del Rey in the mid-1960s, our community of boaters, residents, and visitor-serving marine and commercial enterprises has been represented by the Supervisor of the Fourth District.

It would be an immense disservice to our community to so radically alter the boundary lines of supervisorial districts that we would no longer be represented by the Fourth District.

Particularly because the Marina land is owned by the County itself, this continuity of representation from our elected officials and their staffs from the same district has been critical to ensuring that the issues of our community have been well understood and addressed in a consistent manner over the years.

Marina del Rey is an unincorporated community within Los Angeles County, a unique creation of a public-private partnership that allows for a broader mixture of recreational, boating, visitor-serving marine and commercial and residential uses than are normally found in Venice, Santa Monica, and Malibu to the north and west along the coast.. Marina del Rey has much more in common with the South Bay

communities that are also located in the Fourth District.

As your committee reviews the various options for redrawing district boundary lines, the Marina del Rey Lessees Association appreciates your consideration of our desire to retain the long-standing relationship of our community with the Fourth Supervisorial District.

Sincerely,

David O. Levine
President, Marina del Rey Lessees Association
