Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

John Parsons

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

Helpline Youth Counseling annually provides comprehensive prevention and intervention services to approximately 5,200 low-income youth and working poor families in the communities of Artesia, Bellflower, Cerritos, Long Beach, Lakewood, Signal Hill, Hawaiian Gardens, Torrance, La Mirada, Downey, Norwalk, Paramount, Pico Rivera, Santa Fe Springs, South Gate, and Whittier. An additional 7,900 adults and teens in crisis throughout Southern California are provided with assistance and support by trained listeners at our Community Helpline Hotline located in Redondo Beach. The leadership provided by Supervisor Knabe and his incredible staff ensures that residents of the Fourth District receive the essential supports and resources they need for economic and social self-reliance.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

San Pedro has a historical tie to the Fourth District that goes back a long time. It would be a shame to divide the district at this time especially when any change is uncalled for and unnecessary.

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Rodney Williams

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

I do not want to see my local neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, need to be maintained as much as possible. We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Dear Mr. Pedersen:

As a past member of the La Mirada City Council, I know how much effort has been used to develop a wonderful working relationship between the City and the County. It has taken years and years to develop that relationship, which has proven beneficial to both the City and the County.

Any redistricting that moves the City of La Mirada from the Fourth Supervisorial would be detrimental to both the City of La Mirada and the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. The Asian Pacific Islander communities have worked closely together in the Fourth District to advocate and receive appropriate services. If these communities are split up, our voices will be diluted and not heard. This is truly against the core intent of redistricting.

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Dear Mr. Pedersen:

I am in support of placing the entire community of Rowland Heights as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

This Community has been a Victim of Division for the 25 years that I have lived here and Gloria Molina has been a disservice to this Community and the County. Each designated Community should be maintained as a Whole. To do otherwise is a disservice to one and all.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Dear Mr. Pedersen:

Please allow me to introduce myself. I serve on the Rancho Palos Verdes City Council, having served in that role since 1999. I therefore have a significant interest in a configuration of the Supervisorial districts in a manner that is both logical and designed to best serve the community.

I strongly support keeping Rancho Palos Verdes and the Palos Verdes Peninsula as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

I believe that the present configuration of the Fourth District boundaries, as currently drawn, is beneficial to the residents in that area, and should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Terry Wong

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

I strongly support keeping my community of Belmont Heights and Belmont Shore as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

As a Black, independent-minded woman, I have enjoyed living in South Long Beach and specifically in the Belmont Heights area for over 12 years. I am proud to be a voting supporter of Supervisor Knabe and would be greatly distressed to have this territory and district fall into the hands of another supervisor (particularly any Democrat).

Supervisor Knabe's office was very helpful to me in dealing with the coroner's office when my oldest brother passed away almost 4 years ago. My other brother, Nathan, who lives in Signal Hill has also benefited from the services of Supervisor Knabe's office. We do not want to see our neighborhoods, communities and cities divided into separate districts under another supervisor.

I've never been a person who plays the race card, but in this instance, I will play it to let you know that not all Blacks follow the herd but there are many who can think and make decisions for themselves and need no so-called spokesman of the Black Community to speak for them. I enjoy living in this area and am pleased to have voted for Supervisor Knabe (you can check the records) and want to dispel any notions that all Blacks want to be in a 'Black' district run by Black officials.

The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community.

Finally, I want to say, IF some redistricting of the 4th district must happen, I'm petitioning--even begging that Supervisor Knabe will retain the South Long Beach, Belmont Shore, Belmont Heights and Signal Hill areas in his district, Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

In the final redistricting map I strongly support keeping my neighborhood in SE Long Beach as part of the Fourth Supervisorial District of Los Angeles County. Better still, keep all of Long Beach in the Fourth.

The Fourth District boundaries, as currently drawn, are compact and should be maintained as much as possible. Splitting up our communities would be a detriment to the service quality and timeliness we have come to expect from the County.

We appreciate your efforts and hope that the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,

Dear Mr. Pedersen:

I strongly support keeping my community as part of the Fourth Supervisorial District of Los Angeles County, in the final outcome of the redistricting process.

We do not want to see our neighborhoods, communities and cities divided into separate districts. The Fourth District boundaries, as currently drawn, should be maintained as much as possible. Split communities could result in changes to the service quality and timeliness we have come to expect from the County.

I hope the Boundary Review Committee will seriously consider this input, as any redistricting changes would have a huge impact on our community. Thank you for your consideration.

Sincerely,
