Subject: Redistricting or Rowland Heights

Thank you for accepting my comments.

I am a resident of Rowland Heights and am concerned about some of the plans submitted for redistricting, especially those which include moving Rowland Heights from District 4. I ask to have a continuity of our representation in **District 4** of the LA County Board of Supervisors. Currently Rowland Heights is divided into 2 Districts. One is large and currently falls under District 4. A small sliver is part of District one. I ask that your commission combine all of Rowland Heights and have it remain the Fourth District.

At the same time it would be wise to add Walnut to the Fourth District, along with Hacienda Heights, Diamond Bar, and Rowland Heights. All four are hillside communities with similar demographics, problems, and needs.

Supervisor Knabe has worked closely with our community for many years and he is familiar with our area. In Rowland Heights there are several current issues which Supervisor Knabe and his deputy, Dickie Simmons are well aware of. Including all of Rowland Heights in District 4 would provide better representation for the residents, and it would be more efficient for one Supervisor to represent us, rather than splitting us into two districts.

When considering redistricting the communities of LA County, I **urge you to support Rowland Heights remaining intact within the Fourth District.**

Yours truly,

Angela Chang
