Subject: Redistricting Plan for Altadena

Executive Officer, Board of Supervisors
Attention: Commission Services

Dear Commission Services,

I believe the plan that would serve Altadena best is the one where Altadena remains in the 5th Supervisorial District under the leadership of Supervisor Antonovich. He has always responded to my letters and emails and I believe he has Altadena's best interests at heart. Altadena is too small of a community to be split between districts; that plan would not be good for us.

Thank you for your time.

Best regards,

Carrie Quinn
