**Subject:** district 1 boundaries

Hello Board of Supervisors,

It is extremely important to me and a lot of other residents of Altadena up here that we remain with Supervisor Antonovich in District 1, together as one community and not split. Altadena has unique issues of fire hazards, wildlife hazards, and hillside preservation issues. We have more in common with the other foothill communities--as we all share these concerns based around our mountains.

There's talk of combining us with Molina's district--El Monte, etc.--that we clearly share nothing in common with, and we will most certainly be ignored by her and her office.

Mr. Antonovich has been our representative for many years and knows this community. We do not want a change. It is not easy getting along with some of the outspoken independent-minded folks of Altadena, yet Mr. Antonovich has succeeded. We want to keep him.

Sincerely,

Karen Klages
