Subject: RE: Redistricting LA County 2011

Dear Sir/Madam,

ONEgeneration is a non-profit organization with campuses located in Van Nuys and Reseda, both communities are located in Los Angeles County. Our organization and our constituents have benefited from a strong and supportive relationship with our LA County Supervisor, Zev Yaroslavsky.

We send our sincere message to those who are receiving feedback that ONEgeneration prefers for the current district structure to remain so that we can continue to partner with Supervisor Yaroslavky and his team to better our community. A change would certainly halt progress and has the potential to interrupt services which could be disastrous to our constituents.

Thank you,

Paula Kupiec

Fund Development Director
