Subject: Fwd: Opposition to ReDistricting Altadena

July 2, 2011

Attention: Commission Services

I am stongly--vehemently--opposed to any redistricting of Altadena that would result in the loss of Michael Antonovich as our Supervisor.

My observation over 15 years in Altadena has been that he has provided outstanding support and service to our community. It has been a pleasure to see him at community events.

In my own case, I have received outstanding, prompt, concerned service and followup from Supervisor Anbtonovich and his assistants on the several occasions that I have contacted them asking for help.

To my surprise and pleasure, I even received a thank-you letter from Mr. Antonovich in return for a letter from me praising and thanking him and his staff for their help in gating a storm drain in front of my house.

Please do not redistrict Altadena away from Supervisor Michael Antonovich.

Sincerely,

Robert Hallwachs
