**Subject:** RE: Altadena Redistricting

To Whom it May Concern,

It is my understanding that the county is considering redistricting Altadena, Ca. Specifically, in the area I live in ( [REDACTED] and Altadena Drive). Currently Mr. Antonovich is our Supervisor as he has been for quite some time. Under his leadership the area I live in has prospered and grown, both keeping up the value of my home as well as keeping my area free of unwanted business that would be detrimental to my track.

In fact, we are currently fighting the use of a small business building next to our homes that a local high school wishes to use. Quite a lot of time and effort by various neighbors may go to waste if he is pulled from our district as he has always backed us in stopping this from happening.

I also understand that if this redistricting occurs, my area would be under the supervision of Ms. Molina, a Supervisor I am not in support of. I do not think it is fair to remove a Supervisor I had voted for for one that I would not.

I don't know how much you will pay attention to our needs, and considering that the vote for this seems to have just come out of nowhere with little time for us to respond too tells me that how we feel is insignificant.

Sincerely,  
Tim Berreth
