

Dear Supervisors:

I was shocked and most disappointed to learn there is even a remote possibility that many hundreds of thousands of people in Los Angeles County might be forced to move to a new district. In my opinion, this would be a tremendous mistake as each group, individual, and supervisor would have to waste countless hours developing new relationships.

This is especially true for those of us in the Fourth District who are very happy with the services we receive. It would take much time and effort to re-establish such a fine, cooperative team effort. For example, for many years Disabled Resources Center has expanded its close relationship with Supervisor Don Knabe. He understands the needs of the people with disabilities whom we serve and makes certain that their special needs are properly recognized and addressed. Furthermore, for several years he has helped us financially to ensure that the people with disabilities in his district are well served.

He has helped us secure a handicapped equipped van and provided funds for special projects. He also attends our special events and makes certain that we are well represented in other organizations that care about the people with disabilities. We would be lost without his strong support.

I understand the census has forced some changes in the districts. My plea is that those changes be as minimal as possible to make the least impact on the lives of those who depend on the services of the respective supervisors. There is no need to re-invent the wheel when the wheel is running smoothly. The present system is working well. It makes certain that the people who depend on it are getting the best service possible. Let this great service continue!

Yours truly,

Dolores Nason  
Executive Director

Dear Supervisors, My name is Jack C. Moore a Resident of Rowland Heights for 35 years and I urge you to support and vote yes on a4. We need to keep our communities, Diamond bar, Walnut and Rowland Heights in Don Knabe's District and not split these cities up.

Thanks for your Consideration'

Respectfully,  
Jack C. Moore

The proposed boundaries a-2 retain marina del rey in the fourth supervisorial district represented by don knabe. Any change in the boundaries will place an extreme hardship on us here at the marina city club in Marina Del Rey.

Dear LA county supervisors,

I urge you to approve the A-2 plan because A-2 Plan makes much better sense over the S-1 plan. A-2 plan is more beneficial to the residents of Rowland Heights. We do not want to see our neighborhoods and communities split up.

Again, please approve the A-2 plan. Thank you.
