Boundary Review Committee
500 West Temple Street, Room 383
Los Angeles, California 90012

Re: District Boundaries

Dear Mr. Pedersen:

The City of Duarte has been in the 5th Supervisorial District of Los Angeles County for as long as we can remember. We feel very strongly that being in the 5th District is appropriate for our community, and has served our residents very well through the years. We share commonality of interests with neighboring cities in the District, and are comfortable that our issues are understood and well represented by the political leadership.

As you consider district boundaries, please take into account that Duarte would strongly oppose being relocated to another District. We also feel that the issues shared with our neighbors, as well as other similar concerns, make it imperative that we remain wholly grouped with the current make-up of the 5th District.

Thank you for your taking our concerns and comments under consideration.

Sincerely,

Tzeitel Paras-Caracci
Mayor
