

**Written Public Comments Submitted for CRC Regular Meeting (4/14/2021)**

Agenda Item	Name	Position	Comments	Comments Received	Attachment
4	Gayle C Stewart	Oppose	<p>Working Group Resolutions for possible adoption of positions                      Resolution (R1) A &amp; B Comment relating to In Addition similarly to San Diego as well as (R3) See Attached Comment: Public Comment</p> <p>(R1):                      (A)Post the map for public comment on the internet website of the County of Los Angeles</p> <p>Response: This should be posted elsewhere for the public. Ask yourself, how many people have access to the internet or how many public/residents go on the internet website of the County of Los Angeles, there should be also another way of posting or letting the public know of posting a draft map.</p> <p>(R1):                      (B)Conduct at least two public hearings to take place over a period of no fewer than 30ten days</p> <p>Response: Los Angeles County is huge, it should be at least 4(four) public hearings and hopefully the public hearings be held in a neutral place and at a time where the public will be able to attend and not at work.</p> <p>In addition, the LA County CRC would support similarly amending the equivalent mandate of the County of San Diego Independent Redistricting Commission.</p> <p>Response: Who was the Commissioner that suggested similarly amending the equivalent mandate of the San Diego Redistricting Commission.</p> <p>Los Angeles County is way much bigger than San Diego. How can you justify drawing a map and boundaries or maybe what mandates are you referring too.</p>	4/13/21	None

			<p>Please explain in the meeting. Los Angeles County are so different than San Diego you should not want to even compare or the citizens/residents of Los Angeles are different as well. LA County CRC should be able to Redistrict Los Angeles County without similarly to San Diego. Don't you think? Isn't that what they selected you for as a Commissioner. If anything, San Diego County should be similarly to Los Angeles County.</p> <p>(R3): The LA County CRC supports postponing the primary election day currently scheduled for June 7, 2022 to a later date..... Response: When asked in your meeting of March 24, 2021, Commissioner David Holtzman wanted to answer the question stated that they would not be requesting it. They were taking it off. He changed his mind about that. I need to know if he was lying or going through with it. You should not want to change primary election day in order for you to meet the deadline.</p>		
4	Julia Gomez	Other	<p>In advance of our presentation tomorrow, please find a letter from some of the organizations in our working group providing an overview of our work and the communities we serve. Thank you!</p>	4/13/2021	See A-1

County of Los Angeles Citizens Redistricting Commission  
[CommServ@bos.lacounty.gov](mailto:CommServ@bos.lacounty.gov)

Dear Commissioners:

We appreciate your interest in learning more about the undersigned organizations as well as your willingness to incorporate the expertise of community partners to inform your public outreach plans. We make up a diverse network across Los Angeles County that includes grassroots, civil rights advocacy, good government, and voter education organizations.

Although we are united by a mission to empower low-income communities and communities of color through fair and transparent redistricting processes that result in equitable maps, we are not a formal coalition and may not always take the same positions before your Commission. One of our shared goals, however, is to help deepen your understanding of participation barriers and to support your ability to connect with diverse communities throughout Los Angeles County and the organizations that serve these communities. Our organizations can host workshops, participate in panel discussions, and/or present to the Commission on a variety of topics, such as best practices for community outreach and engagement, especially among Asian American, Black, Latinx, Pacific Islander, immigrant, and refugee communities, as well as with Muslim and other religious communities. Our partners also have expertise on a variety of topics, including, but not limited to, redistricting, language access, and 2020 Census community outreach.

Our organizations are currently planning our redistricting work, beginning to educate our communities, and creating tools and resources that will support community members to engage in this process. To ensure we have sufficient time to prepare, and to ensure that Los Angeles residents stay engaged with the Commission throughout the entire process, we request that the pre-map hearings and forums be broken up into separate events instead of being scheduled back-to-back, and that they be scheduled on various days and times, not only on late afternoons and evenings on Wednesdays, to accommodate varying work schedules and to allow communities to prepare their community of interest testimony before testifying before the Commission. We further request that the Commission begin hosting forums/workshops at any time to help communities prepare their communities of interest testimony but delay the start of the pre-map public hearings until June or July so that there are hearings scheduled throughout the summer and early fall. This is consistent with the California Citizens Redistricting Commission's outreach plan: they are hosting regional workshops now, but their public community of interest hearings will run from June through August. To facilitate this and other outreach discussions and to help create and carry out the

Commission’s outreach plan, we would like to meet with the Commission’s working group on outreach either biweekly or monthly.

Below is a snapshot of some of the partners in our network, highlighting the expertise they have on particular issues and the communities they work with and/or represent. We encourage the Commission to expand its engagement beyond the groups listed below to coalitions and organizations that have direct ties to various communities throughout Los Angeles County. Working with additional groups, such as the People’s Bloc, will be key to ensuring robust public participation and robust testimony on communities of interest at Commission hearings.

We look forward to partnering with you to ensure a successful redistricting process that fully engages all communities in California.

Sincerely,

Advancement Project California

Coalition for Humane Immigrants Right (CHIRLA)

**A-2 begins the following page**

## Public Comment

(R1) :

- (A) Post the map for public comment on the internet website of the County of Los Angeles

**Response:** This should be posted elsewhere for the public. **Ask yourself,** how many people have access to the internet or how many public/residents go on the internet website of the County of Los Angeles, there should be also another way of posting or letting the public know of posting a draft map.

(R1) :

- (B) Conduct at least two public hearings to take place over a period of no fewer than ~~30~~ten days

**Response:** Los Angeles County is huge, it should be at least 4(four) public hearings and hopefully the public hearings be held in a neutral place and at a time where the public will be able to attend and not at work.

In addition, the LA County CRC would support similarly amending the equivalent mandate of the County of San Diego Independent Redistricting Commission.

**Response:** Who was the Commissioner that suggested similarly amending the equivalent mandate of the San Diego Redistricting Commission.

Los Angeles County is way much bigger than San Diego. How can you justify drawing a map and boundaries or maybe what mandates are you referring too. Please explain in the meeting. Los Angeles County are so different than San Diego you should not want to even compare or the citizens/residents of Los Angeles are different as well. LA County CRC should be able to Redistrict Los Angeles County without similarly to San Diego. Don't you think? Isn't that what they selected you for as a Commissioner. If anything, San Diego County should be similarly to Los Angeles County.

(R3) :

The LA County CRC supports postponing the primary election day currently scheduled for June 7, 2022 to a later date....

**Response:** When asked in your meeting of March 24, 2021, Commissioner David Holtzman wanted to answer the question stated that they would not be requesting it. They were taking it off. He changed his mind about that. I need to know if he was lying or going through with it. You should not want to change primary election day in order for you to meet the deadline.
