Health Safety Protocols

▪ Although Los Angeles County "re-opened" with the rest of the state on June 15, 2021, changing conditions in Los Angeles County due to the rapid spread of the Delta variant of COVID-19 has prompted new restrictions by the Los Angeles County Department of Public Health.

▪ Effective as of Sunday, July 18, 2021, LACPDH Health Orders require that all persons, regardless of vaccination status, **must wear masks/facial coverings at all indoor public settings**.

For your safety and others:
▪ **Wear a mask that covers your nose and mouth—INDOORS—regardless of vaccination status**
▪ **Social distance from others who don't live with you**
▪ **Wash your hands often with soap and water, or use hand sanitizer**

- A patient with presumed or confirmed COVID-19 is considered to be infectious from 2 days before their symptoms started until their isolation period ends.

- Asymptomatic patients with a laboratory-confirmed COVID-19 infection are considered to be infectious from 2 days before their test was taken until 10 days after their test was taken.

- A "close contact" refers to any of the following people who were exposed to a patient with presumed or confirmed COVID-19 ("patient") while they were infectious:
    - An individual who was within 6 feet of the patient for a total of 15 minutes or more within a 24-hour period
    - An individual who had unprotected contact with the patient's body fluids and/or secretions (e.g., being coughed or sneezed on, sharing utensils or saliva, or providing care without wearing appropriate protective equipment)

Communities of Interest (COI) Google Form

The Commission wants to know four key things from you about your community:

1. **The economic and social interests that bind your community together**
2. **Why your community should be kept together for fair and effective representation**
3. **Where your community is located**
4. **What nearby areas do they want to or not want to be grouped with**

While there are no clear rules on how to define a community of interest, here are some ways to describe your community.

1. Begin with your city or unincorporated area: Mention the street names and significant locations in your neighborhood to help identify the parameters of your community.

2. What are your shared interests?

3. What brings you together?

4. What is important to your community?

5. Are there nearby areas you want to be in a district with?

6. Nearby areas you don't want to be in a district with? Why or why not?

7. Has your community come together to advocate for important services, better schools, roads, or health centers in your neighborhood?
