Name	Zip Code	Community name	About the community	Nearby areas to include or not include	Other community information	Other public comments
Kyle Steven Miller	90631	City of La Habra Heights	I believe the city has an affinity with La Habra and should be grouped with AD55 which has other cities from other counties as well.	Yes, the City of La Habra. Most residents frequent the city of La Habra for shopping and dining, rather than go the other direction into Hacienda Heights, etc.	This city has a shared interest with the City of La Habra. We share a name and we also share a zipcode even though we're in different counties.	-
Dulce Martinez	90023	East Los Angeles	My community is resilient. We are fighting through what the covid-19 pandemic has left us with. We are a community that looks out for each other. Were folk shared information around resources with one another from rent relief programs to food banks and covid vaccines information.	I lived in City terrace before and I can say that we share a lot of common interests where East LA and city terrace feel like a very similar place also with commerce. Monterey Park and Montebello even though we are very close to each other we don't share the common interest. We face housing insecurities and have been fighting displacement and gentrification for a long time.	Most of my community members are construction workers, mechanics, street vendors, gardeners and domestic house workers. They are renters and are primarily spanish speakers. During the past 16 months our communities were facing evictions, displacement all due to the economic hardship they faced because of the Covid-19 pandemic.	We are East LA and here everyone knows each other (you meet a stranger in the street and you will know someone in common) we are all connected. Keep our community together. <i>(See recording for live comments.)</i>
Judy St. John	91768	North Pomona	Our community has many disadvantaged residents. It is not fair to	North Pomona should be in a supervisor district with	I live in Zone G, but I understand that I may submit my comments	I appreciate the opportunity you have provided for public input.

			<p>overlook concerns of residents who do not have the resources to get legal help to represent our interests.</p>	<p>Supervisor Kathryn Barger. I have seen that she is responsive to her constituents in La Verne, and I look forward to having her represent my area that abuts La Verne and San Dimas. (The nearby airport is in La Verne and the golf course in San Dimas are near my property. Many residents live across the street from La Verne.) I want to be removed from Hilda Solis's district because she has a history of not being responsive to major concerns of residents who live near the fairgrounds. She did not help us when we tried ahead of time to bring our concerns to light about Fairplex planning another rave for August 2015, which turned out to result in two deaths at the event. Now she seems more interested in helping the operators of Fairplex to profit from the Carvana business than to consider the negative impact to</p>	<p>for this meeting. It my concern that the County Supervisor Hilda Solis is not responsive concerns of her constituent residents. Some of us have asked for a meeting to discuss the operation of Carvana at the County Fairgrounds in Pomona, and she has not accommodated that request even with one of her aides. Because the fairgrounds immediately abut La Verne which is represented by Kathryn Barger, it is my request that the fairgrounds and nearby residents in north Pomona become part of Kathryn Barger's supervisorial district. The residents of northern Pomona that are near the fairgrounds are concerned about the negative impacts of some events that negatively impact traffic and noise. The Carvana operation now impacts traffic</p>

				<p>nearby residents, not only for increased traffic and noise, but also air pollution from the diesel trucks that bring cars there every day, plus the acceleration of all those problems if Carvana is allowed to have their proposal for 25 or 30 years of an operation that will cause over 2600 vehicle trips daily through our residential neighborhoods.</p>	<p>and noise and will become much worse if they are allowed to grow their operation to have over 2600 vehicle trips daily. How can our Supervisor be okay with allowing Carvana to take up the 85 acres of Gate 9 parking that has always been used for County Fair parking! Afterall, the main reason for the operation of the fairgrounds is to conduct an annual county fair.</p>	
<p>Juan Carlos Hernandez</p>	<p>90023</p>	<p>East Los Angeles: During my free time I love going to El Mercadito and seeing all the people there hustling and getting to support local business by purchasing my favorite aguas frescas. Indiana station has served as a place of rest for me while I wait for my train to go to school or as a last stop after a long day. I have</p>	<p>My community for years have been pushing for better living conditions and an opportunity for future generations to receive quality education. As the years progress we get a step closer to it because we were able to come together and advocate for our most common interests. Hardship and the endurance of these same hardships brings us together.</p>	<p>We have also demanded for renters protection, something that was monumental for ELA. We hold this to be very valuable and believe that City Terrace and Commerce share the same values and interests. Areas like Monterey Park and Montebello have created their own communities that are geographically separate from us.</p>	<p>We are an undocumented community that come together to celebrate our culture. We are the working class who live paycheck by paycheck to ensure that there is food at the table.</p>	<p>My community for years have been pushing for better living conditions and an opportunity for future generations to receive quality education.
