Areas that meet only at the points of line 36 adjoining corners are not contiguous. Areas that are separated by line 37 water and not connected by a bridge, tunnel, or regular ferry service line 38 are not contiguous. line 39 (2) To the extent practicable, the geographic integrity of any line 40 local neighborhood or local community of interest shall be 95 SB 594 — 12 — line 1 respected in a manner that minimizes its division. A “community line 2 of interest” is a population that shares common social or economic line 3 interests that should be included within a single district for purposes line 4 of its effective and fair representation. Communities of interest do line 5 not include relationships with political parties, incumbents, or line 6 political candidates. line 7 (3) Council district boundaries should be easily identifiable and line 8 understandable by residents. To the extent practicable, council line 9 districts shall be bounded by natural and artificial barriers, by line 10 streets, or by the boundaries of the city. line 11 (4) To the extent practicable, and where it does not conflict with line 12 the preceding criteria in this subdivision, council districts shall be</p>
