'-	Eddie De La Riva	Other	The Southeast Los Angeles cities have been historically underrepresented, overlooked, underfunded, and ignored. Our cities, Bell, Bell Gardens, Commerce, Cudahy, Huntington Park, Lynwood, Maywood, South Gate, and Vernon, share more than boundaries, we share the same needs and injustices, and for first time in my lifetime, I feel our region is being properly represented. You MUST keep our cities in District 1 under Supervisor Solis, who has been a champion for the Southeast. I urge you to keep SELA together in District 1.	11/7/2021	n/a

'-	John Gallogly	Favor	I'm in favor of Map 012, aka as The People's Map. I've lived and worked in the community since 1983. Helped create Californians for the Arts, Arts for LA and served on their boards as well as California Arts Advocates and the Hollywood Chamber of Commerce. I am President Emeritus of Northeast Democratic Club of Los Angeles and on the Steering Committee for the Pasadena Area United Democratic Headquarters which incorporates eight state chartered Democratic Clubs from La Canada to Duarte; Los Feliz to East Los Angeles. My feeling is that map 012 best represents the Council districts, geographically, ethnically and by communities of interest. Thank you.	11/7/2021	n/a

'-	Karina Macias	Other	I understand that there much in play for the different options in redistricting to the county. However, my main comment is the importance, the great importance, Of keeping SELA communities and Florence Firestone together. These communities have much in common and have had interconnected work and relationships that keep our communities strong with the vision of making it stronger. Please do all possible to keep this in mind as decisions on maps are made.	11/7/2021	n/a

'-	Marisela Santana	Other	<p>Good Afternoon,</p> <p>My name is Marisela Santana and I am the Mayor of the City of Lynwood and other than Map A, none of the maps being considered meet MY community's needs.</p> <p>First of all, I'd like to thank all of you for your time and dedication in moving this process forward.</p> <p>Secondly, I'd like to thank all of the individuals and organizations who submitted draft maps for consideration.</p> <p>I have heard all of the comments and what I hear from most of the commissioners is that some are asking that cities and regions be kept together, like Long Beach, like the San Gabriel Valley and the San Fernando Valley. Well, the SELA region would like to stay together, too.</p> <p>I am here to remind you of all of the historical disadvantages that have plagued the SELA region for decades because we sit in the middle of what has been called the donut hole effect. The cities in the SELA region include Lynwood, Cudahy, Commerce, Vernon, Huntington Park, Maywood, Bell, Bell Gardens and South Gate. We have all been historically underrepresented and underserved and are now asking you to change history.</p> <p>The time to stop disenfranchising our diverse communities in the SELA region is NOW. The power to keep true communities of interest whole, and give us a fair chance moving forward of fair representation for TODAY, over how our county looked 30 years ago, is in your hands.</p> <p>We hope that in redrawing new district lines you do it to keep communities of interest whole, over creating powerful voting blocks for legislators. Do it for the people. Just because we sit in the middle of the donut hole, doesn't mean that we should continue to be sacrificed and not neared.</p>	11/7/2021	n/a

			<p>Commissioners, please keep all of the SELA cities together under District 1. Thank you for your time.</p> <p>Lastly, if I may add: Regarding the early comments about the census. An undercount should definitely be taken into consideration in redrawing the districts, since the last census took place in the middle of the pandemic while our families in the SELA region were the hardest hit in the state and in the country by COVID-19.</p> <p>The SELA region has been served well under District 1 and I urge you to please include the City of Lynwood and all of the SELA Cities under District 1. Keep SELA Cities together.</p> <p>Thank you for your time. Marisela Santana Mayor City of Lynwood</p>

'-	Miran Kalaydjian	Oppose	<p>Why the commissioner redistricting ignored when the commission placed the small section of the West San Fernando Valley (Woodland Hills, Encino and Tarzana and part of Reseda) into Board District 4 and not into the adjoining San Fernando Valley Board District 3.</p> <p>What more than 7 schools were taken away from our School board District three and been added to Board Member District 4?</p> <p>Board Member district 4 must stay and focus in West LA?</p> <p>Why this commission ignored the Jewish, Armenian and Persian population in Woodland Hills, Tarzana, Encino, Northridge?</p> <p>The LA City Council should keep LAUSD District 4 on the south side of the Santa Monica Mountains to serve West Los Angeles and adjoining LAUSD beach communities.</p>	11/7/2021	n/a

'-	Oscar Flores	Other		11/7/2021	n/a

'-	Oscar Flores	Other	Please keep the City of Lynwood with SELA as we all share very similar ideals, need many of the same resources, and have families living in neighboring SELA cities.	11/7/2021	n/a
'-	Oscar Flores	Other	The City of Lynwood should be with the rest of the SELA communities as we already closely work together. We share many of the same concerns - economic, infrastructure, parks & the arts opportunities, and air quality. Therefore, we should share resources. I also believe neighboring communities with mostly black populations should be within these same boundaries for the same reasons as well as to help address concerns with public safety, homelessness, and education. Lynwood is a unique SELA city as we have a very active and beautiful black population. I feel a strong kinship with our neighboring black communities.	11/7/2021	n/a

These organizations are not only familiar with; they are integral members of our communities. The resources they provide and their ongoing work with community stakeholders have given then a keen sense of neighborhood needs. Their People’s Bloc proposed map ensures equitable representation for our marginalized communities, which other submitted maps do not do.</p> <p>The People’s Bloc proposed map lifts our collective pursuit of justice, opportunities and optimal quality of life for our community members. This map will ensure that our community of interest remains together within the First Supervisorial District. For 45 years Alma has been part of County-wide efforts, working side by side with stakeholders from LA, Boyle Heights, El Sereno, Monterey Park, East LA, Montebello, Commerce, Rosemead, San Gabriel, El Monte, La Puente, Baldwin Park and many other communities included in the People’s Bloc’s map. T</p> <p>The communities included in this map share regional, cultural, financial and social interests and will greatly benefit from staying together, staying the course and continuing working collaboratively towards the growth of the entire region, building build a united, safe, healthy and strong community. Please advance the People’s Bloc map and ultimately adopt it as the final proposed map.</p>	11/7/2021	n/a

It protects and ensures representation for our historically marginalized communities, which other submitted maps do not do.</p> <p>I have more in common with NELA, than I do with these other options in the map. These are my communities and I wish for them to stay together. This map keeps East LA and Northeast LA together, which is great because the Eastside region could continue to advocate for environmental justice issues together.</p> <p>I urge you to advance the People’s Bloc map and ultimately adopt it as the final proposed map.</p>

4.a.	Jeanette Flores	Favor	I am Jeanette Flores, resident of Covina, but I was raised in El Monte. I fully support the map submitted by the People’s Bloc. The organizations that make up People’s Bloc are from our communities and represent an important grassroots base of Latino and Asian multi-generational and immigrant communities. The organizations provide critical services and understand what our neighbors need. This is important in a county just now overcoming COVID-19. The People’s Bloc map represents our historically marginalized communities as one united community of SD1 that has proven effective in getting resources out quickly and equitably. It is also important that East San Gabriel Valley and South East LA not be combined with more affluent communities that do not represent the same demographic keeping East LA together with Northeast and with the historic SD1 communities of San Gabriel Valley. This	11/7/2021	n/a

			is important for communities that are of similar socioeconomic backgrounds to stay together because it allows for equitable distribution of resources and strengthens solutions to health and economic stimulus in the community. please support the People’s Bloc map.

Some of these amateur maps leave a gap just under the 134 that does have homes and humans. Please make sure all of 90041, Eagle Rock stay in one district. The cutoff should be the actual 134, because south of the 134 is Eagle Rock and north of the 134 is Glendale. Thank you.	11/7/2021	n/a
4.a.	Monica Arroyo	Other	Good afternoon commissioners My name is Monica Arroyo and I am a council member in the city of Bell. Thank you for your time and service doing this work. 4.a.	Ruben D Karapetian	Other	<p>General Comment - Any map deviation of a future county map should maintain the Tricities of Burbank-Glendale-Pasadena. Options A and D accomplish this; Options B and C fail to maintain the Tricities. The Tricities area is the most vital hub to the Armenian American Community, and any division of it would pose negative consequences for the community. Dividing the central hub of the Armenian American community would pose difficulties for our community to access vital community services and dilute our voice on county affairs.</p>	11/7/2021	n/a

4.a.	Susan Wong	Other	I am a resident of Shadow Hills, a horse-keeping, animal-keeping, agrarian community in the high-fire northern part of the Verdugo Mountains in Northeast San Fernando Valley. Along with La Tuna Canyon, Historic Stonehurst, Sylmar, and Lake View Terrace, we are “weekend farmers”, not wealthy, who enjoy our rural atmosphere. We have chickens, rabbits, pigs, goats, and horses. But we also work together on issues of fire and flood safety, land use, and horse and equestrian safety. In Map Options A,B, and C, the dividing line for District 5 runs right down a main residential street in our community, Stonehurst Ave., severing all homes west of the middle of that road into District 3. This dilutes the voices of these citizens when they are trying to get their community concerns addressed. Residents of District 3 were not cooperating with other horse communities to share horse trailers while evacuating their horses during the La Tuna and Creek fires. Residents of District 3 don’t weep when a horse is hit by a	11/4/2021	n/a

			<p>speeding car and killed on their street. Residents of District 3 don't advocate for and then rejoice when a Councilwoman installs two new HAWK beacons so equestrians can cross into The Big Tujunga Wash safely. Residents of District 3 don't work with a State Assemblywoman to pass a law that all equestrians must wear reflective gear, and celebrate when it got passed. Residents of District 3 don't work together with Lake View Terrace to keep the Big Tujunga Wash cleaned up and safe.</p> <p>Please consider moving the line to the west, for example, along Glenoaks if you adopt Map a, B, or C. Map D has a good dividing line, west of our community, keeping all homes in our high fire, rural communities together in District 5. The traditional and natural western boundary for our rural area has been the landfills along Glenoaks and Sheldon and the Big Tujunga Wash and Hansen Dam Recreation Area.</p> <p>Thank you for your consideration.</p> <p>Susan Wong</p>

OPTION A	Antonio Perez	Favor	As a lifelong resident and property owner in East Los Angeles I feel compelled to urge this panel to leave East Los Angeles as part of the First District. For decades prior to the election of Gloria Molina this area was utterly ignored to the point where neighbors had to sweep our own streets because the County never did so. Ms. Molina was our advocate when no one else paid attention. Today, Supervisor Solis is our advocate and we know through her work along the Whittier Blvd corridor, Belvedere Park, the Gold Line etc, that she will continue to listen to our voices. The truth remains that this portion of East LA has not been gentrified, meaning that many people here do not have the electoral voice to FORCE representatives to serve our communities. There is great fear/concern that should our community be portioned off to another Supervisor, we will revert back to the pre-Molina days of wholly inadequate service and representation. PLEASE consider this uncomfortable truth, and select Draft Option A.	11/5/2021	n/a

OPTION A	Beatriz Garcia	Oppose	It doesn't make sense for this map to leave out Porter Ranch as the only neighborhood separated from San Fernando Valley. But generally do not support this map because it's too status quo and doesn't really listen to communities voices and what they've submitted. Lynwood is separated from other SELA communities and SFV low income communities are included with wealthy coastal communities thus diluting their power. The CVAP data doesn't align with this map.	11/7/2021	n/a

I am writing in to fully support the map submitted by the People's Bloc - a coalition of different organizations based in and serving LA County. I believe this map makes the most sense for ensuring representation for historically marginalized communities unlike other submitted maps. I am particularly concerned about some of the radical changes included on other maps. As an organization that has served Los Angeles for 165 years and been located in Rosemead since 1953 and Duarte since 1999, I believe the People's Bloc map will keep low-income communities in the SGV together, thus allowing for better representation of the needs of these communities. OPTION A	Susan Wong	Oppose	<p>I am a resident of Shadow Hills, a horse-keeping, animal-keeping, agrarian community in the high-fire northern part of the Verdugo Mountains in Northeast San Fernando Valley. Along with La Tuna Canyon, Historic Stonehurst, Sylmar, and Lake View Terrace, we are “weekend farmers”, not wealthy, who enjoy our rural atmosphere. We have chickens, rabbits, pigs, goats, and horses. But we also work together on issues of fire and flood safety, land use, and horse and equestrian safety. In Map Option A the dividing line for District 5 runs right down a main residential street in our community, Stonehurst Ave., severing all homes west of the middle of that road into District 3. This dilutes the voices of these citizens when they are trying to get their community concerns addressed.</p> <p>Residents of District 3 were not cooperating with other horse communities to share horse trailers while evacuating their horses during the La Tuna and Creek fires. Residents of District 3 don’t weep when a horse is hit by a speeding car and killed on their street. Residents of District 3 don’t advocate for and then rejoice when a Councilwoman installs two new HAWK beacons so equestrians can cross into The Big Tujunga Wash safely. Residents of District 3 don’t work with a State Assemblywoman to pass a law that all</p>	11/4/2021	n/a

Residents of District 3 don't work together with Lake View Terrace to keep the Big Tujunga Wash cleaned up and safe.</p> <p>Please consider moving the line to the west, for example, along Glenoaks if you adopt Map A. The traditional and natural western boundary for our rural area has been the landfills along Glenoaks and Sheldon and the Big Tujunga Wash and Hansen Dam Recreation Area, and would keep our entire rural community in District 5.</p> <p>Thank you for your consideration.</p> <p>Susan Wong</p>

OPTION A	Barbara Kappos	Favor	<p>Good Afternoon my name is Barbara Kappos and I'm with the East Los Angeles Women's Center. We have served the communities of East, southeast and northeast Los Angeles for 45 years. We are in support of the map submitted by the People's Bloc, we are appealing to the Commission to advance the People's Bloc map as the final proposed map. This map is about justice and equity and the efforts behind creating this map was inclusive and represented the voices of community members and community organizations. Finally we support that the East and Northeast Los Angeles stay together, making radical changes does not benefit our communities. Building on community strengths, continuity and community support is essential to consider in this final phase of decision making.</p>	11/7/2021	n/a
OPTION A	Ismael F. Castro	Favor	<p>My name is Ismael, I live and work in Boyle Heights and I am in full support of the map submitted by the People's Bloc and urge the commissioners to advance their submission as part of the proposed maps and adopt it as the final map. The organizations who make up the People's Bloc understand the communities they serve and the map will ensure equitable representation to continue the advocacy work that has been done and continues to be needed to address housing and food insecurity, access to health and transportation, etc. This is important considering the hyper inflation we are experiencing. The eastside needs to remain united.</p> <p>Best,</p>	11/7/2021	n/a

OPTION A	Alison Pico	Favor	<p>Hello Commissioners,</p> <p>Hi, my name is Alison Pico and I'm with Southern California Crossroads and a resident of SD 1.</p> <ul style="list-style-type: none"> • Thank you to the Commissioners for your hard work and dedication. We really appreciate everyone involved in the process of supporting our communities by taking into account recommendations for redistricting and how it will impact our communities. • I highly stand and support the map submitted by the People's Bloc, which is made up of multiple organizations around LA County. The Commission really supports and endorses the map as part of the proposed maps for redistricting in SD 1. It is beneficial to the communities and constituents and will positively impact them directly. Direct impact will be for the families who benefit from services and the communities we serve. The Peoples Bloc map is created with insight from community members and providers who deeply understand the communities of SD1. • Community based organizations such as Crossroads are committed to continuing partnerships and identifying how to best serve SD 1 communities. CBOs support vital services that are much needed in the communities. We are advocates for those that don't have a voice. We are committed to continue to build a relationship with our community members. I highly recommend and ask you to support the Peoples Bloc map recommendations. Thank you. 	11/7/2021	n/a
OPTION A	Andrea Marchetti	Favor	<p>Good morning, my name is Andrea Marchetti and I am the Executive Director of Jovenes Inc., a non-profit organization based in Boyle Heights that provides housing and supportive service for homeless youth in the East and South East region of Los Angeles County.</p> <p>First, thank you to the Commissioners for your months of hard work. We really appreciate it.</p> <p>I am calling in full support of the map submitted by the People's Bloc, which is made up of many different organizations around LA County. The Commission</p>	11/7/2021	n/a

			<p>should advance this submission as part of your proposed maps because we believe that this map best represents justice and equity. It protects and ensures representation for our historically marginalized communities, which other submitted maps do not do. The coalition that worked on this option best represents the people that live in our communities. They provide critical services and understand what our neighbors need. We believe that respecting the integrity of Communities of Interest is a must when considering the Voting Rights Act and repercussion that a redistricting process can have in retaining voting power for such communities. We believe that the People’s Bloc respect these principles, for example by keeping East LA and Northeast LA together, which is great because the Eastside region could continue to advocate for common social and environmental justice issues together. I urge you to advance the People’s Bloc map and ultimately adopt it as the final proposed map.</p>		
OPTION A	Jamie Cabrera	Favor	<p>Please accept the below as my public comment for today's meeting.</p> <p>Hi, my name is Jamie Cabrera, and my family and I are long-time East Los Angeles residents. First, I’d like to thank the Commissioners for their months of dedication to the redistricting process. I appreciate it. I’m writing in support of the map submitted by the People’s Bloc. Peoples Bloc is comprised of various organizations throughout the county. The commission should advance this submission as part of your proposed maps for several reasons. These organizations are based in our neighborhoods, and they provide a critical lens into the needs of our communities. In particular, in my neighborhood of East LA, Inncity Struggle is well known for providing support and advocating for us and we trust them. This map is rooted in justice and equity, and it protects the representation of our historically marginalized Latinx community. Keeping East LA with Northeast LA is very important because we share a similar culture in the Latinx community and constantly collaborate and support small business vendors at art walks, like the City Terrace art walk or the Dia De Los Muertos event in East LA. East LA and Northeast LA also share similar struggles as we fight against gentrification in our communities and provide services for members to advocate for</p>	11/7/2021	n/a

			themselves against. Organizers are working on building a stronger community of activism and care, and I think it's important to keep these communities together as one. I urge you to advance the People's Bloc map and ultimately adopt it as the final proposed map.		
OPTION A	Joe Gallardo	Favor	Hi, my name is Joe Gallardo and I'm with Southern California Crossroads a service provider in SD 1 and SD 1 stakeholder. First, thank you to the Commissioners for your months of hard work and investment into making the best decisions for our communities. We really appreciate it and look forward to your support. I highly support the map submitted by the People's Bloc, which is a collaboration of multiple organizations around LA County. The Commission should advance this submission as part of your proposed maps as it will improve the lives of so many communities by allowing for intentional and regional targeted services. Community based organizations such as Crossroads are highly vested in the communities we serve. CBOs provide essential services that are much needed in underserved communities. We are advocates for our communities and have created trusted partners with our stakeholders. Please support and move forward with adopting the People Bloc map recommendations.	11/7/2021	n/a

This Map Option would threaten the safety of our community by changing our Sheriff's Department Service Station (Lakewood), negatively impact our County service delivery, and misalign regional governing priorities. Relationships have been developed and trust has been built with officials in these cities. To break us off from these governmental relationships and working partnerships would fracture our community and is a disservice to our town.	11/5/2021	n/a

I also live in the city of South Gate, and have done so for the past 12 years. South Gate is located in the Southeast LA region, which is a region I have been living in for 16 years. I am calling to support Map C which was created by MALDEF. Back in August, I gave public comment to this commission to ensure that my	11/7/2021	n/a

These communities share a common culture, commerce, and interest. We are a working class, immigrant community, with the same needs which deserve to be represented.</p> <p>At the same time, I rise in opposition of Map D, which is a failure of human geography, and does not take into account the racial, socioeconomic inequalities between the communities it aims to unite. It is unthinkable to give one shared representative to both an affluent costal community and a marginalized, impoverished valley region.</p> <p>I thank the commission for taking into consideration my comment.</p>

This Map Option would ensure the City of Paramount remains a part of the Lakewood Sheriff's Station jurisdiction, minimizing any impact to our response times and keeping our community safe. I'm calling today to support Map C, which was created by MALDEF. I am supporting this map because it keeps Van Nuys, Pacoima, Panorama City which are typically low income communities in one district. This map also unites north east San Fernando valley with East Los Angeles which is more similar to my community than the coastal communities that it's currently	11/7/2021	n/a

As a parent, I do different activities with my daughter Deli, so I travel to Burbank and East Los Angeles a lot.</p> <p>For over 10 years I have ensured that the latino population in san fernando turns out to vote by canvassing around my neighborhood. Some of the issues that are affecting my community is the lack of street maintenance, we have dirty streets and a lot of potholes. The cost of living is rising in Van Nuys and the city is not upkeeping to the standard that they are charging us for. We have also seen an increase in the houseless population here in Van Nuys. All of these issues are happening in my district and we currently do not have a representative that lives near the low income areas of San Fernando valley. I support map C, because it would give the immigrant latino community an opportunity to choose a champion that comes from the community and hears us out.</p> <p>Thank you again for the opportunity to speak today</p>

San Fernando is home to a population of 1.8 million residents, of which 40% are Latinos many of them being immigrants. Map C, gives the diverse population in San Fernando valley a voice and political power by uniting us with East Los Angeles which is more similar to us than the coastal cities currently in our district. East San Fernando Valley and east Los Angeles share similar cultures, issues such as housing, and are made up of poor working class Latinos, Asian, and African American. And we need a representative that not only comes from the community but has lived experiences here in San Fernando and is responsive to our needs.</p> <p>Thank you for the opportunity to speak today</p>		
OPTION C	Sonia Salgado	Favor	<p>Buenas Tardes, Me llamo Sonia Salgado, y soy una miembro de CHIRLA del sur centro de Los Ángeles. La ciudad de Los Ángeles ha sido mi hogar por más de 30 años . Hoy estoy llamando para dar apoyo al mapa C que fue creado por la organización de MALDEF.</p> <p>Le estoy dando mi apoyo a este mapa porque mantiene a mi comunidad del sur los ángeles como Watts, Compton, Gardena, Inglewood, y Carson en un solo distrito. En estas ciudades viven Hispanos y Afro Americanos de bajos recursos que son trabajadores. La autopista 110 nos une a mi comunidad y muchos de mis vecinos incluyendo yo usamos esta autopista para ir de compras a la costa de Gardena o los parques en Compton. Nuestra comunidad ahorita tiene poder político, porque estamos en un distrito en donde el voto latino y afroamericano hacen la diferencia. Quiero que mi distrito se mantenga junto, porque necesitamos que nos sigan escuchando. He dado comentarios públicos en escrito y orales, para el proceso de redistribución de distritos para la ciudad. Pero, hoy estoy aquí porque sé que este proceso también afecta a mi comunidad en todos los niveles del gobierno. Algunos de los problemas que se ven aquí es la vivienda, las rentas están muy altas, necesitamos más áreas verdes como parques, y más limpieza de calles. Mi comunidad necesita seguir teniendo un representante que nos escuche y trabaje para solucionar estos problemas. Por eso apoyo el Mapa C,</p>	11/7/2021	n/a

We have chickens, rabbits, pigs, goats, and horses. But we also work together on issues of fire and flood safety, land use, and horse and equestrian safety. In Map Option D the boundary lines for District 5 run along the natural and traditional western boundary for our rural area, keeping our whole rural community in District 5. This is what we need.</p> <p>(In Map Option A,B, and C, the dividing line for District 5 runs right down a main residential street in our community, Stonehurst Ave., severing all homes west of the middle of that road into District 3. This dilutes the voices of these citizens when they are trying to get their community concerns addressed.)</p> <p>Pease adopt Map D or, if you adopt any of the other maps, please consider moving the line to the west, for example, along Glenoaks. The traditional and natural western boundary for our rural area has been the landfills along Glenoaks and Sheldon and the Big Tujunga Wash and Hansen Dam Recreation</p>	11/4/2021	n/a

OPTION D	Terri Tippit	Favor	I am the chair of the Westside Neighborhood Council and I support Option D as it (1) keeps the Neighborhood Council whole, (2) respects the boundaries of our encompassing homeowners' associations, and (3) maintains our historic connection to UCLA & Westwood to the north.	11/7/2021	n/a
OPTION D	Terri Tippit	Favor	We support Map D because it keeps the Westside NC in one District-SD3.	11/7/2021	n/a

-	Richard Sullivan	-	<p>Dear Redistricting Commission:</p> <p>I'm a veterinarian practicing in Torrance. In the last 45 years I've lived in Redondo Beach, Torrance, and Palos Verdes Estates. Based on the geographic area where my clients live and based upon my own life experiences living in the South Bay for this long period of time, I have some comments with respect to the draft maps for the Supervisorial Districts.</p> <p>I believe Map A makes no sense from a communities of interest perspective. Severing Torrance from the rest of the South Bay is illogical as Torrance is the hub of the South Bay. Connecting Torrance with a narrow land bridge to the rest of the eastward and far flung 4th District in Map A does not, in my view, comport with the requirement for compactness.</p>	11/7/2021	n/a

			<p>Map B makes the most sense to me, based upon the geographic locations of my clients who reside in Torrance, the Beach Cities, Palos Verdes, Gardena, San Pedro, Lomita, etc.</p> <p>In the South Bay, the two major hospitals are located in Torrance and the major shopping center is in Torrance. Most likely the people who live in the communities I mentioned above go to Torrance Memorial or Little Company of Mary when they have an emergency or need surgery, etc.</p> <p>All the above-named communities are served by the one local newspaper, The Daily Breeze.</p> <p>Please don't adopt a map that breaks up the South Bay portion of the County.</p> <p>Sincerely,</p> <p>Richard Sullivan, DVM</p>
