6.a.	Andrea Valcourt	Other	I would like to see the Beach Cities, Hermosa/Manhattan/Hermosa, stay in District 4. We have many things in common with each other and the surrounding cities. We have built legislative connections and would not like to see this work dismissed and the beach cities have to start anew. We are a close knit community that works for the local good of all the area cities. Thank you.	12/12/2021	n/a
6.a.	Andrew Lippa	Oppose	Oppose the map as is unless you make the following changes. Move the Beach Cities back into District 4. The beach cities have much more in common with Torrance, PV Peninsula and Long Beach than parts of downtown. Move Lynwood, Florence, and Walnut Park back into District 2 (they are there now) from the proposed District 4 map under consideration.	12/12/2021	n/a
6.a.	Angela Bernier	Other	Favor Map B-4 - Map B4 is the best choice for the county as well as communities of interest in the South Bay and Beach Cities. The South Bay has a harbor, beach, and other coastal issues that impact the area which are reflected in map B4. Oppose Map F-3 - Combining Downtown Los Angeles with the South Bay makes no sense and will undermine our representation in Los Angeles County.	12/12/2021	n/a
6.a.	Assata Umoja	Favor	Map F-1 and 81	12/12/2021	n/a
6.a.	Bryan Kahrs	Oppose	Hello and thank you for reading my comments: I would only approve Map F3 with the following changes... Please move the beach cities back into District 4 and exchange for more traditional areas closer to downtown for District 2. The beach cities have much more in common with Torrance, PV Peninsula and Long Beach than parts of downtown. Likewise, the communities of District 2 have much more in common with the areas closer to downtown than the beach cities. This is rather obvious and a simple	12/12/2021	n/a

			<p>change that will greatly enhance the goal of matching common communities of interest and greatly improve this map, as well as minimize changes from the current District lines.</p> <p>Unnecessary changes for both District 2 and District 4 can be eliminated with these simple tweaks.</p> <p>Thank you for your time.</p>

6.a.	Cherokeelar ODea	Other	<p>My name is Cherokee-lar O'Dea and my family has been community activists for over six decades in Chatsworth Lake Manor unincorporated LA County. We are sponsored by the 5th District for our Rural Town Council and I'm confident that we are one of if not the smallest Town in LA County. We only have 600 homes here and we are feeling extremely overlooked by this Commission. Chatsworth Lake Manor community is mission to preserve open space and increase fire prevention and we belong in district 5 where we have more similarities. Please take into account that as 3 generations of activities supporting our small town we would appreciate some acknowledgement for our charismatic eclectic artists Town. And that we do not identify with the urban sector of Los Angeles.</p> <p>We have our Official Rual Town Council, a new fire prevention program beginning in a few weeks. This redistricting moving us out of the Fifth District would force us to start all over and throw away over 50 years of activism and to not have our concerns heard by the commission is sad and offensive. Ad a community it is hurtful to listen</p>	12/12/2021	n/a

			to the commissioner laughing about the relationship between Santa Susannah, Woolsey and Porter Ranch. CHATSWORTH LAKE MANOR IS ITS OWN TOWN AND WE IDENTIFY WITH THE 5TH DISTRICT. We are not like Woolsey Canyon nor are we like Porter Ranch. Thank you		
6.a.	Cindy J Donis	Other	<p>Thank you commissioners for your hard work in this process. My name is Cindy Donis and I am a resident/stakeholder of Supervisorial District 1. I grew up in South East LA and currently reside in South Gate. Thank you for moving forward with the F series map, this map is closer to the representation of Los Angeles County. With some modifications to this map and by working together we can accomplish a map that serves Los Angeles County.</p> <p>SELA community members have turned out consistently throughout this process and have requested multiple times to be kept whole. A message the commission has responded to and supported. Now in order to accommodate the Beach Cities, Map 108 and other commissioner comments are discussing breaking up SELA and moving parts of it like Florence-Firestone and Walnut Park into SD2. Do not make this last minute change after months of public testimony from SELA communities. Please respect SELA and keep it whole.</p>	12/12/2021	n/a
6.a.	Emie L Fenton	Oppose	<p>I would only approve Map F4 with the following changes.</p> <p>Move the beach cities back into District 4. 6.a.	Eric Dunlap	Other	<p>Recommend the unincorporated community of Florence-Firestone (Florence-Graham) remain in the Second District. Unincorporated communities should remain in the same district where possible because they do not have mayors or city council members and County departments provide municipal services.</p> <p>Additionally, Florence-Firestone is a community of interest with South LA, and communities west of the Alameda Corridor should remain together.</p>	12/12/2021	n/a

6.a.	Ernest K Lee	Favor	We in Chinatown and the Chinese and AAPI communities really appreciate the commission members hard work and diligence in the past months. We urge you to adopt Map F-4 as the final product and move forward. Once again, thank you very much.	12/12/2021	n/a
6.a.	Eunice Song	Favor	We support approval of map F-4	12/12/2021	View attachment
6.a.	Frank Cardenas	Oppose	<p>Please take the opportunity to improve Map F-4 by listening to voices of SELA and the Gateway Cities and keep them intact and together. Otherwise, this Commission stands on the precipice of inviting a Voting Rights Act challenge should it adopt a map today that dilutes either SD1 or SD4 such that Latino CVAP will be less than 50%. The Commission would snatch defeat from the jaws of victory by rejecting at least one map placed before it, Map 101, which simply by respecting communities of interest such as SELA and the Gateway Cities, creates in the process VRA-compliant districts in 1 and 4 with 50% Latino CVAP. The three “Gingles factors” prerequisite for a Section 2 violation are patently inherent in Map 101’s SD4, in which Latinos as a group are:</p> <p>(1) “sufficiently large and geographically compact to constitute a majority in a single-member district;” (2) “politically cohesive,” i.e., tends to vote as a bloc; and (3) “the majority votes sufficiently as a bloc to enable it - in the absence of special circumstances . . . usually to defeat the minority’s preferred candidate.”</p> <p>A close examination of the application of the Senate Report factors used by courts in applying the Gingles test to a particular area shows that LA County, and the southeast SELA / Gateway Cities in particular, easily align with the Senate Report factors. While this Commission’s out-of-state Voting Rights counsel may downplay the litigation risk the Commission now faces, rest assured that the application of Gingles in LA County is well understood in the same Los Angeles Federal Court in which the Garza v. County of Los Angeles case was decided. Indeed, this Commission is setting the stage for Garza Part II.</p> <p>Especially alarming is the presumably well-intentioned effort to add white-majority areas such as Redondo Beach and Hermosa Beach to SD4, thereby further diluting</p>	12/12/2021	n/a

			<p>Latino voting strength. The law is clear – adding majority areas (especially at the It minute) where a majority-minority district can be created, is a determinant under Section 2 analysis. And intent to dilute protected groups is not required for a VRA violation to be found. This last-minute interest in adding majority areas to SD 4 is also remarkably similar to the machinations of Kern County officials when they were found to have violated the VRA with such last-minute maneuvering in California’s most recent VRA case Luna v. County of Kern 291 F. Supp. 3d 1088 (E.D. Cal. 2018).</p> <p>You can create an exciting future for the County by adhering to communities of interest while respecting and not diluting minority voices in districts 1, 2 and 4.</p>		
6.a.	G P Suddeth	Other	<p>In my view, map F-4 has useable aspects, but goes astray when it proposes to move Lynwood, Florence, and Walnut Park from their current placement (in District 2) into District 4. Likewise, the proposal to move the beach Cities out of District 4, which is proposed as a result of the plans to move Lynwood, Florence, and Walnut Park into District 4, would be a disservice to all residents of both areas who would, in the future, be deprived the good representation on the Board of Supervisors they currently enjoy.</p>	12/11/2021	n/a
6.a.	GENA OOI	Other	<p>We would like Hacienda Heights to keep it under 4th District. I believe Supervisor Hahn has done a great job helping and working together with the community. She never too busy to take care of the community needs in this area. She is well capable to include the East San Gabriel Valley area especially in Hacienda Heights and Rowland Heights.</p>	12/12/2021	n/a
6.a.	Greg Diете	Oppose	<p>Our family supports keeping Superintendent Janis Hahn as the Representative in our district.</p> <p>She has served members of this district fairly and energetically for many years and the South Bay should be treated fairly by this redistributing panel. Signed... Redondo Beach resident for over 40 years.</p>	12/12/2021	n/a
6.a.	Henry Fung	Favor	<p>In addition to the fact that maps 106/107 were sprung on people at the last minute, with none of the communities of interest or jurisdictions asked to comment about whether they wanted to be moved (i.e. West Hollywood) I would also note that for an undisclosed reason commissioner Holtzman decided to split the Cal Poly campus. The Cal Poly campus has both incorporated and unincorporated areas and it is imperative that the entire Cal Poly campus be in one district and the same district which Pomona is in. It causes tremendous problems in coordination and</p>	12/12/2021	n/a

			<p>representation and is much more salient an issue than the 15 acres of the Fairplex in La Verne which an entire 5,000 people were moved for. Please, no more last minute surprises. Thank you.</p>		
6.a.	Henry Fung	Favor	<p>Overall I think F-4 with the minor change to revert La Verne to the way it always has been in SD 5 is good. It is not perfect, outstanding, or excellent. It has many compromises. If there was an additional month some of these changes different interest groups want could be further explored. But it is much better than the existing (2011) map and is rational and can be explained.</p> <p>I would object to moving the Beach Cities back to SD 4. First off, the only section that could move uncontroversially back to SD 2 would be Florence-Firestone, which is currently in SD 4. Keeping Florence Firestone in SD 2 would keep an existing community of interest to the north and south of Watts and the Historic South Central district of Los Angeles.</p> <p>But that would only balance out Redondo Beach - it is too much deviation to accommodate Redondo and Hermosa, let alone Redondo, Hermosa, and Manhattan Beach. Commissioner Franklin has repeatedly wanted Wilmington to be with San Pedro in SD 4. You could possibly move Harbor City, Harbor Pines, and Lomita from SD 4 to 2, along with Walnut Park, and create this district. It should be noted that no one from Lomita nor Harbor City would have been consulted about this change. It will meet the 10% absolute deviation (barely), but creates even more of a "U" that Co-Chair Mayeda has continually objected to.</p> <p>Secondly, the Beach Cities are an area of high affluence and socioeconomic status. Collectively, they will help balance out SD 2. Adding more affluent people to SD 4 will further dilute the influence of the Latinos in SD 4. Already SD 4 is falling below the 50% majority threshold for CVAP, although your attorney has stated that should not be a criteria. Making these changes would drop Latino CVAP from 49.25% to 46.37% (although it increases Black CVAP in SD 2 to 30.90% due to a relatively large Black population in Harbor City and Lomita).</p> <p>One positive of map F-4 as submitted is that no COG is split into more than three supervisors. South Bay COG is in SD 2 and 4, San Gabriel Valley COG is in SD 1 and 5,</p>	12/11/2021	n/a

			<p>and Gateway COG is mostly in SD 4 with the exception of Pico Rivera, Industry, and Commerce in SD 1. San Fernando Valley COG is in SD 3 and 5 and Westside COG is in SD 2 and 3. Any ideas like the "Entertainment District" in Map 101 would split COGs up into three pieces, which I strenuously object to (in this instance Westside COG with 2, 3, and 5 - see westsidecities.org/about-us-1 for Westside COG map). The commission already made its intent known when it moved Hacienda and Rowland Heights out of SD 4 into SD 1.</p> <p>On balance, the clock is ticking and it is important to turn something in before the deadline. I would urge the commission to revert the last minute change to La Verne and otherwise submit F-4 as is. Thank you.</p>

6.a.	Ildiko Krall	Oppose	<p>Move the beach cities back into District 4. 6.a.	Ina Barish	Oppose	<p>I am opposed to approval of the current map. It should be far from final. While I understand that the commission faces tremendous challenges with this task, I urge the board to consider the marina/coastal cities as an interest that needs to be kept together. The marinas ARE a community of interest. Marina del Rey has been the purview of District 4 for years and years. It is a cash cow for the county and the home of sensitive environmental areas and wildlife. It should not be lumped with areas with vastly different issues and interests. I support all the people of color who spoke at public comment asking for their interests to remain together. It serves neither the marina communities or POC to lump them together in an artificial way. F4 needs further revision. I recommend revisiting B2.</p>	12/12/2021	n/a
6.a.	Ireh Yoon	Favor	I support approval of map F-4.	12/12/2021	n/a
6.a.	James Crawford	Oppose	Draft Map F4 has serious problems and disenfranchises the Beach Cities for no logical reason. It separates communities of interest and rolls them into a different district with little common local concerns. I am at a loss to understand why this was	12/12/2021	n/a

			<p>done by the commission.</p> <p>From the written public comments submitted by another individual (Mr Henry Fung) it appears there may be other motives behind this blatant change.</p> <p>This following paragraph was noted in Mr. Fung’s comments and would undoubtedly be considered Unconstitutional.</p> <p>“Secondly, the Beach Cities are an area of high affluence and socioeconomic status. Collectively, they will help balance out SD 2. Adding more affluent people to SD 4 will further dilute the influence of the Latinos in SD 4. Already SD 4 is falling below the 50% majority threshold for CVAP, although your attorney has stated that should not be a criteria. 6.a.	Jim Light	Oppose	<p>I would only approve Map F4 with the following changes.</p> <p>Move the beach cities back into District 4. The beach cities have much more in common with Torrance, PV Peninsula and Long Beach than parts of downtown.</p> <p>Move Lynwood, Florence, and Walnut Park back into District 2 (they are there now) from the proposed District 4 map under consideration.</p> <p>This simple change will correct the current problems with Map F-4.</p>	12/12/2021	n/a
6.a.	John Leonard	Favor	<p>The City of West Hollywood supports the latest revised map. The City opposes any changes to the map that moves the City out of District 3. The City has historically been located in District 3 with other westside cities such as Beverly Hills and Santa Monica. The westside cities are all a part of the Westside Cities Council of</p>	12/12/2021	n/a

			Governments and work collaboratively on regional issues. For these reasons it is important for West Hollywood to be in the same district as the other westside cities.		
6.a.	John Mendoz	Favor	Crafting FAIRPLEX in Pomona into one Supervisor District enhances community concerns of community of interest social and environmental concerns. It enhances accountability and transparency but leveraging authority into one elected official not two. It helps in the jump starting the economic Engine in the Surroundings community . Crafting University of La Vern out of Supervor District into the First Supervisor District brings together two economic institutions into one orbit Cal Poly Pomona and University of La Vern. Modify the current map by crafting in the Weymouth Water Treatment Plant at the eastern southern tip in Supervisor District 5 which is located in La Vern to unmute the voices of the Latin x population concerns of the Latin x population that have not been inclusive in the water issues concern of the Latin x population of pollution and lack of resources to solve water quality issues. Crafting the southern tip of La Vern which has a small pocket of Latin x population muted over generations by the power structure politics at La Vern City hall enhances this voice in a Fiftth Supervisor District that's being considered for adoption that will preserve the status quo of Supervisor District 5 by diluting the Hispanic Community and packing Supervisor District Five with precise crafting out the Hispanic and Afro American community to preserve their status quo.	12/12/2021	n/a
6.a.	John Mendoza	Other	-	12/11/2021	n/a
6.a.	John Mendoza	Other	It's a early XMass bonus for Supervisors District 1 as at the Easter Tip of San Gabriel Valley in Pomona the University of La Vern and parcel of land belonging to La Vern at the FAIRPLEX was crafted in Supervisor District 1 which ax's out Supervisor Kathryn Barrger. The work being along Arrow Highway by La Vern and the proposed bridge connecting La Ver are spoils of Redistricting L.A. County. Pledged by problems recently with the illegal car sales of 10,000 vehicles and diesel traffic pollution from trucks transporting vehicles to FAIRPLEX it makes sense to have 1 representative on the Board of Supervisors to tackle the social problems and Split the City of La Vern. FAIRPLEX and L.A. County partnership in bringing in the COVID-19 testing in close proximity to La Vern can not be diluted. There are a large community of Latin x population in La Vern in the area being crafted into Supervisor District 1 would may have the tools to vote in a candidate of choice with their Latin x community members in the city of Pomona.	12/11/2021	n/a

6.a.	John Mendoza	Oppose	Not opposed to maps but the process of 1 special interest group crafting maps after each meeting and submitting to the Independent Redistricting Commission. Some maps are crafted out in Right field which crack and different nationalities. Adding insult the commission tried to approve maps December 11, 2021 when communities and community of interest were being displace. Had it not been one commission member who had to attend a funeral the maps would of been on the desk of the County Register of Voters being stamped with the seal of approval.	12/12/2021	n/a
6.a.	John Mendoza	Oppose	Pandering to Special interest groups who sit back a craft maps for Redistricting L.A. County Supervisor District are not was to conduct the business of the people. Nor is making Swift changes to maps at the last moment or shifting complete cities out of one Supervisor District like 5 as what happened to Azusa Hispanic City and selectively crafting Azusa into Supervisor District 1 is suspicious and creates the public perception commission members are trying to preserve the current status quo of Supervisor District 5. MALDEF original map far exceeds the maps being considered by the Redistricting Commission because it focused on communities historically not EU being able to elect a candidate of Choice too crafting maps based and centered on Economic Engines which was not the intention of Richard Lara a LatinX legislator who crafted the Redistricting Commission legislation. Cities like La Very who have a LatinX population historically excluded from City Hall will finally be able to elect a candidate of Choice in the 1st Supervisor District but the Economic Engine of FAIRPLEX and La Vern University will be crafted out of 5 and into the 1st Supervisor District. Yeahh	12/12/2021	n/a
6.a.	Juan Hernandez	Favor	<p>Hello commissioners, my name is Juan Carlos and I am a longtime resident of SD1. I want to begin by thanking you for your hard work during this process.</p> <p>The F series map is closer to the representation of Los Angeles county and for this I thank you, but I also ask that modifications be made to this map to better represent the people of our county. Specifically I ask that Commerce and Montebello stay in SD1 as they currently are because we share various cultural commonalities in addition to similar immigrant class struggles and beliefs around our community's success.</p> <p>I ask you today to recognize the Black voices that have entered these spaces and to listen to them in reference to SD2. As others have noted SD2 is underpopulated,</p>	12/12/2021	n/a

			grouping them with communities that do not share the same beliefs will have vastly negative effects on Black resident's ability to advocate for themselves. Move the wetlands from SD2 and bring in similar communities like Wilshire, Palms, Culver City, and or Skid Row that would more closely reflect SD2's struggles and goals as well as alleviate the high concentration in SD3.		
6.a.	Julie Rico	Favor	<p>Thank you in advance for your vote to adopt Map F-3 - I urge you to adopt this map for Chinatown and its existing partners in the area.</p> <p>The community members are stalwart people of immeasurable contribution to the fabric of the city of Los Angeles.</p> <p>Thank you for your time and good efforts. I am sure you will decide on the correct side of this conversation.</p>	12/12/2021	n/a
6.a.	Julie Rose	Oppose	<p>Hello and thank you for reading my comments:</p> <p>I would only approve Map F3 with the following changes...</p> <p>Please move the beach cities back into District 4 and exchange for more traditional areas closer to downtown for District 2. The beach cities have much more in common with Torrance, PV Peninsula and Long Beach than parts of downtown.</p> <p>Likewise, the communities of District 2 have much more in common with the areas closer to downtown than the beach cities. 6.a.	kathryn h dunbabin	Oppose	<p>Consider switching Beach Cities back to District 4. There is a long history of common concerns and collaboration regarding health, homelessness and affordable housing with Torrance, PV Peninsula and Long Beach.. and balance this shift by moving Florence, Lynwood and Walnut Park back into District 2.</p> <p>Thank you for your support and consideration of this shift...and please adopt this change to F4 today.</p>	12/12/2021	n/a

6.a.	Kelly K Herold	Other	Do not carve up Shadow Hills, LVT, La Tuna Canyon, etc. This is ridiculous. Go with Map F-3.	12/12/2021	n/a
6.a.	Leighton M Anderson	Other	<p>As an elected board member of the Whittier Union High School District, representing Whittier, Santa Fe Springs, and parts of Norwalk and Pico Rivera, I urge you to keep these communities together. The only map that does this is Map F-3</p> <p>As Gateways cities, we are much more closely aligned with our neighbors, from Whittier in the north to Long Beach and San Pedro in the South.</p> <p>The Gateway cities should all be kept together. School districts in all these cities work together with cities and local organizations on regional projects to address homelessness and supporting each other in serving our mutual constituents. We have benefitted from common representation.</p> <p>I request the Commission reject map B-4 and approve map F-3</p>	12/12/2021	n/a

6.a.	Lisa Youngworth	Oppose	Current map is unacceptable. I would only approve Map F4 with the following changes. Move the Beach Cities back into District 4. The beach cities have much more in common with Torrance, PV Peninsula and Long Beach than parts of downtown. Move Lynwood, Florence, and Walnut Park back into District 2 (they are there now) from the proposed District 4 map under consideration. This change will correct the current problems with Map F-4.	12/12/2021	n/a
6.a.	Martha Pettigrew	Other	Favor Map B-2. Oppose Maps F-1 and G	12/12/2021	n/a
6.a.	Mayor Bill Brand	Favor	<p>Many thanks for the Commission's hard work getting us this far. I conditionally approve of this new map, F-4, if and only if the Beach Cities are moved back to District 4, and areas in Southeast LA are moved back into District 2.</p> <p>The Beach Cities have few common interests or concerns with District 2 - primarily a South LA and downtown district. Likewise, District 2 residents have expressed concern with being included into the Beach Cities, as they do not feel properly aligned with the Beach Cities concerns. This is one of the few misses of this final map under consideration.</p> <p>In exchange for Redondo Beach, Hermosa Beach and Manhattan Beach being moved back into District 4, one proposal that would balance the population shift and reduce the deviation is to move Florence, Walnut Park and Lynwood back into District 2. These areas are much better aligned with the downtown areas directly adjacent than the rest of District 4.</p> <p>Note: Not included in this shift is El Segundo as it is not part of the Beach Cities Health District or the Blue Zones initiative as was suggested by one of the Commissioners, but merely shares one bus route with the rest of the beach cities.</p> <p>Moving the Beach Cities of Redondo, Hermosa and Manhattan back into District 4 in exchange for these or similarly sized Southeast LA areas being moved back into District 2 will greatly improve map F-4.</p> <p>Thanks again!</p>	12/11/2021	n/a

6.a.	Nicolas Lippa	Oppose	Oppose Map as currently configured. Please make the following changes. Move the Beach Cities back into District 4. 6.a.	Pamela Agustin Anguiano	Favor	<p>My name is Pamela Agustin and I am a community organizer in Supervisorial District 1. Thank you for moving forward with Map F, which with very small modifications can truly reflect an LA County map of communities grouped by shared histories and interests.</p> <p>Commissioners, since the summer you have witnessed a strong presence of community stakeholders who have shared their redistricting priorities with you despite the engagement challenges that the pandemic has brought by taking community engagement into the virtual sphere. Please do not ignore their input and keep their communities whole. Please keep South East LA communities whole and under District 4 and keep Commerce and Montebello as part of Supervisorial District 1.</p> <p>Thank you for moving forward with the F series map. With these modifications and the input by the People’s Bloc, this map can be a map that is more representative of Los Angeles County.</p>	12/12/2021	n/a

6.a.	Stacey Armato	Other	<p>Good afternoon , commissioners. My name is Stacey Armato, Hermosa beach city Councilmember. Thank you for your consideration and conversation around shifting back the beach cities to district 4.</p> <p>I wanted to really emphasize again that the beach cities have much more in common with Torrance, the Palos Verdes Peninsula, and Long Beach than Downtown LA, especially as it relates to environmental concerns, health concerns, affordable housing, and homelessness. We have studied the revised map F4 and, we believe have a workable solution - and hope you consider shifting back Florence, Lynwood and Walnut Park back to District 2, allowing for Hermosa, Manhattan Beach and Redondo to stay in district 4. This is a simple adjustment that will enhance the goal of matching common communities of interest and greatly improves this map, as well as minimize changes from the current District lines.</p> <p>Thank you.</p> <p>Stacey Armato Councilmember City of Hermosa Beach</p>	12/12/2021	n/a

Then write that Map B3 is the best choice for the county as well as communities of interest in the South Bay and Beach Cities. The South Bay has a harbor, beach, and other coastal issues that impact the area which are reflected in map B3.</p> <p>Oppose Map F-1</p> <p>You can also Select Option F-1, Click Oppose. County FAIR generates revenue for all cities and business in La Verne, San Dimas, Pomona and Claremont with positive events. One Supervisor is better then two for FAIRPLEX. Recently La Verne initiated a hub business venture in close proximity to FAIRPLEX near La Vern college and down town with their Supervisor in loop.</p> <p>On Pomona side there was the RAVE Concert and recent CARVANA that environment issues evolved. Having one Supervisor could help mitigation efforts. All L.A. County benefit when the FAIRGROUNDS are running on all cylinders. OPTION F-4	Arlene Pinzler	Oppose	<p>I cannot support Map Option F-4 unless all three of the Beach Cities that make up the coastal portion of the South Bay are returned to where they have been for decades -- District 4. This would place them in the same district as Torrance, Palos Verdes Peninsula and the city of Long Beach, all of which have far more in common with each other than with any part of downtown Los Angeles. It would also allow them to pursue their shared interests and continue to benefit from their history of cooperation on coastal issues and many other matters. Such a change could easily be accommodated by returning Florence, Lynwood and the community of Walnut Park to District 2, where they have been for at least the past 10 years.</p> <p>Thank you for your consideration.</p>	12/12/2021	n/a

OPTION F-4	Bob Wolfe	Other	<p>Option F-4 unacceptably splits the Beach Cities (Manhattan Beach, Hermosa Beach, Redondo Beach) from their natural alignment with communities of interest such as Torrance, the Palos Verdes Peninsula, Lomita and San Pedro. Torrance is the largest metropolitan center in the region, and the bus service for downtown Hermosa Beach and Redondo is provided by the Torrance bus lines.</p> <p>As but one small example, one of the leading candidates for mayor of the city of Torrance (in District 4) comes from the presidency of a Jewish synagogue in the city of Redondo Beach, which Option #F-4 would place in District 2.</p> <p>Boundary adjustments should be made in the Option F-4 plan to place all of these communities of interest in the same supervisorial district. I would note that all of these communities are currently placed in the same political district for purposes of Congress, Calif. State Senate and Calif. State Assembly.</p>	12/12/2021	n/a

OPTION F-4	Faraz Aqil	Favor	<p>I strongly support the F-4 map because of how it keeps regions like the SELA-Gateway Cities, South Bay/South-Central, San Gabriel Valley/Downtown LA, San Fernando Valley/Westside, and the Foothills/Mountains/Desert mostly together into their own united Supervisorial District.</p> <p>But since this is the last meeting where changes to the Final map can be made (and to help close the population deviation gaps), here are my recommendations for tweaking Map F-4:</p> <p>*Move Torrance to District 2: As a resident of the city of Downey, I'm strongly against any attempts to "breakup" an "unspecified" amount of cities from the SELA-Gateway Cities (District 4). If District 2 needs a city from District 4 for more population, please move the city Torrance to District 2! That way, you keep the Beach Cities together (Redondo Beach, Hermosa Beach, & Manhattan Beach) for South Bay region representation, while giving a population boost to District 2. Do not split our SELA-Gateway Cities community of interest! Use Torrance to help populate District 2 and please leave the SELA-Gateway Cities like Huntington Park alone!</p>	12/12/2021	View attachment

		<p>*Move Ballona Wet Lands area into District 2: Instead of splitting Westchester (LA) like the current F-4 Map does, please consider moving: Playa Del Ray (LA), Marina Peninsula (LA), Marina Del Ray (unincorporated), and all of Westchester (LA) into the 2nd District. That way, the Wet Lands can stay protected whole, while also keeping the Westchester (LA) neighborhood together.</p> <p>*Azusa: I think Azusa should stay in District 5 so that it can be with the other Foothill Communes along the 210 FWY (and to prevent Glendora, San Dimas, La Verne, and Claremont from being cut off). Also a main concern is if a population of almost 55,000 people is removed from District 5, District 5 will need more people elsewhere or else the population standard deviation will be in violation. District 5 should avoid going any deeper into San Gabriel Valley and San Fernando Valley whenever possible.</p> <p>*Make all of West Hills (LA) whole: In the interest of keeping as much of the San Fernando Valley whole, I'm asking the Commissioners to keep all of West Hills (LA) in District 3. That also means that Lake Manor (unincorporated) and West Chatsworth (unincorporated) need to be moved into District 3 as well.</p> <p>*Moving Koreatown (LA), Little Bangladesh (LA) & Wilshire Center (LA) to District 1: Keeping Koreatown (LA) together with other Asian communities has been a constant community of interest I've been hearing about (examples: China Town (LA), Little Tokyo (LA) and Thai Town (LA), which are all already in District 1). And to make the area more compacted, I also want Commissioners to move Little Bangladesh (LA) & Wilshire Center (LA) to District 1 too.</p> <p>*After all the above changes were made, I noticed that District 4 needed more population (and District 1 had too much population). So in the interest of increasing the population, I recommend adding Pico Rivera back into District 4. Pico Rivera does have close ties with San Gabriel Valley/East LA, but it's technically a Gateway City. But please only make this change if District 4 needs more population.</p> <p>*And lastly, I noticed District 5 needed more population. So I recommend adding all of Sun Valley (LA) into District 5. This choice was made because of previous</p>		
--	--	--	--	--

			<p>comments wanting the areas of Shadow Hills (LA), Stone Hurst, and La Tuna Canyon together. Sun Valley (LA) already includes Stone Hurst & La Tuna Canyon. Also if District 5 still needs more population, then you can add Covina into District 5 (since it's the least disruptive change to the Foothills and the city's current Supervisorial District is also District 5). But please only make this change if District 5 needs more population.</p> <p>I've created an attachment if you want to visually see how the map and areas look after these changes happen.</p> <p>Again, please to do not remove any of the SELA-Gateway Cities from District 4, Map F-4! Thank you very much for your time.</p>

OPTION F-4	G P Suddeth	Other	In my view, map F-4 has useable aspects, but goes astray when it proposes to move Lynwood, Florence, and Walnut Park from their current placement (in District 2) into District 4. Likewise, the proposal to move the beach Cities out of District 4, which is proposed as a result of the plans to move Lynwood, Florence, and Walnut Park into District 4, would be a disservice to all residents of both areas who would, in the future, be deprived the good representation on the Board of Supervisors they currently enjoy.	12/11/2021	n/a

OPTION F-4	Henry Fung	Other	<p>I have to object to the change which has all of La Verne south of Bonita Avenue, including the University of La Verne, Old Town La Verne, Damien High School, and Brackett Field into SD 5 - something ***NO*** individual in the City of La Verne asked for. Please check the notes - every city is being kept whole except the City of Los Angeles (and Whittier's discontinuous segment), and this was a consistent request for both the commission and the community.</p> <p>The intent of the commission was to move just the portion of the Fairplex into La Verne. While I understand the motivation, I don't really think it is necessary. La Verne and Pomona have been separated into different districts since 1991 and it has not caused any issues in coordination. Generally the Pomona supervisor claims the Fairplex.</p> <p>It seems that one person's grudge against the Fairplex and concerns with internecine feuding between the Pomona city councilmember representing the area, the Congresswoman who is the councilmember's mother and a former mayor of Pomona, the current Pomona county supervisor, and the current mayor of Pomona are coloring the commission's judgment.</p> <p>***IF*** the change is made (and I argue it should not be) the change needs to be very surgical and include only the Fairplex. It should not include 5,000+ people out of the 32,000 residents of the City of La Verne who did not ask for, nor were consulted about this change. Thank you.</p>	12/11/2021	n/a

It would be very disruptive, destructive, and counterproductive to tear these communities apart. Our city leaders have been working together as a cohesive District with our Supervisor, and know the unnecessary and drastic change in Option F-4 would wreak havoc on all concerned. We oppose Option F-4, unless the Beach Cities stay in District Four.</p>	12/11/2021	n/a
OPTION F-4	James Crawford	Oppose	<p>Draft Map F4 has serious problems and disenfranchises the Beach Cities for no logical reason. It separates communities of interest and rolls them into a different district with little common local concerns. I am at a loss to understand why this was done by the commission.</p> <p>From the written public comments submitted by another individual (Mr Henry Fung) it appears there may be other motives behind this blatant change.</p> <p>This following paragraph was noted in Mr. Fung's comments and would undoubtedly be considered Unconstitutional.</p> <p>"Secondly, the Beach Cities are an area of high affluence and socioeconomic status. Collectively, they will help balance out SD 2. Adding more affluent people to SD 4 will further dilute the influence of the Latinos in SD 4. Already SD 4 is falling below the 50% majority threshold for CVAP, although your attorney has stated that should not be a criteria. Making these changes would drop Latino CVAP from 49.25% to 46.37% (although it increases Black CVAP in SD 2 to 30.90% due to a relatively large Black population in Harbor City and Lomita)"</p>	12/12/2021	n/a

This proposed revision balances the population, reduces the number of shifts from current districts, continues alliances with communities of common interest, and preserves important historical relationships for all of these cities. Redondo, Hermosa, and Manhattan Beach have more in common with Torrance and the PV Peninsula than with Downtown LA. Please consider adopting this important change to F4 today.	12/12/2021	n/a

OPTION F-4	Katherine R Gould	Other	<p>I am in favor of a variation of this map, F-4, but only if the Beach Cities are moved back to District 4, and areas in Southeast LA are moved back into District 2. The Beach Cities have minimal interests or concerns in common with District 2 - which is primarily a South LA and downtown district. I understand that District 2 residents have also expressed concern with being included into the Beach Cities, as they do not feel their interests align with the Beach Cities concerns. These concerns could be addressed by moving Redondo Beach, Hermosa Beach and Manhattan Beach back into District 4, and perhaps moving Florence, Walnut Park and Lynwood back into District 2 to address the population balancing issues. These areas are much better aligned with the downtown areas directly adjacent to them and have more in common with the downtown areas than with the rest of District 4.</p> <p>Moving the Beach Cities of Redondo, Hermosa and Manhattan back into District 4 in exchange for these or similarly sized Southeast LA areas being moved back into District 2 will greatly improve map F-4 for all residents.</p>	12/12/2021	n/a

The cities of Florence, Walnut Park, and Lynwood are better ALIGNED with the downtown areas directly adjacent than the rest of District 4. In addition, the proposed exchange would balance the population shift and reduce the deviation and will be in agreement with the criteria established by the Commission (criteria when drawing district lines).</p> <p>Adopting the proposed change WILL SHOW the Commission is respecting the CULTURE and DESIRE of the VOTERS of the cities being affected. Your conversation yesterday included an opportunity today to make final adjustments to option F4, and I ask that you consider shifting the Beach Cities back to District 4. The Beach Cities have a long history of common concerns and collaboration regarding big issues like health, homelessness, the environment, and affordable housing with Torrance, the Palos Verdes Peninsula, and Long Beach. We propose to balance this shift of population by moving the cities of Florence, Lynwood, and Walnut Park back into District 2. OPTION F-4	ROBERT L PINZLER	Other	<p>Move Redondo Beach, Hermosa Beach and Manhattan Beach back into District 4 where they are currently. That would necessitate moving about 122,000 people from District 4 to District 2. To do that, move Lynwood, Florence, and Walnut Park back into District 2, where they are there now. Thus, all those communities will retain their local relationships.</p>	12/12/2021	n/a

<p>OPTION F-4</p>	<p>Susan Wong</p>	<p>Favor</p>	<p>I am in favor of this map because it keeps the agrarian and horse-keeping zoned neighborhoods of Shadow Hills, Lake View Terrace, Sylmar, and La Tuna Canyon together in District 5. All three rural communities have an equestrian heritage and agrarian lifestyles. All 3 communities are located in Mountain Fire districts and high fire zones. Over the years, these three communities have developed fire protection and evacuation plans which have helped save human and animal lives and properties during our various wildfires (ie. La Tuna Canyon and Creek fires). During major floods of the Big Tujunga Wash Lake View Terrace and Shadow Hills have worked together to provide shelter to flood victims and protect neighborhoods from flooding. They also work together to protect and clean up the Big Tujunga Wash. There is a historical cooperation between these three communities due to their common interests and goals. If they were to be separated into different communities, their unified voice and actions would be muted. THANK YOU!!!!</p>	<p>12/11/2021</p>	<p>n/a</p>
<p>OPTION F-4</p>	<p>Teri Green</p>	<p>Other</p>	<p>I conditionally approve of this new map, F-4, if and only if the Beach Cities are moved back to District 4, and areas in Southeast LA are moved back into District 2.</p> <p>The Beach Cities have few common interests or concerns with District 2 - primarily a South LA and downtown district. Likewise, District 2 residents have expressed concern with being included into the Beach Cities, as they do not feel properly aligned with the Beach Cities concerns. This is one of the few misses of this final map under consideration.</p> <p>In exchange for Redondo Beach, Hermosa Beach and Manhattan Beach being moved back into District 4, one proposal that would balance the population shift and reduce the deviation is to move Florence, Walnut Park and Lynwood back into District 2. These areas are much better aligned with the downtown areas directly adjacent than the rest of District 4.</p> <p>Note: Not included in this shift is El Segundo as it is not part of the Beach Cities Health District or the Blue Zones initiative as was suggested by one of the Commissioners, but merely shares one bus route with the rest of the beach cities.</p> <p>Moving the Beach Cities of Redondo, Hermosa and Manhattan back into District 4 in</p>	<p>12/12/2021</p>	<p>n/a</p>

			exchange for these or similarly sized Southeast LA areas being moved back into District 2 will greatly improve map F-4.

The Beach Cities have much more in common with Torrance, PV Peninsula and Long Beach than parts of Downtown.</p> <p>Likewise, the communities of District 2 have much more in common with the areas closer to Downtown than the Beach Cities.
